INDEX

Chapter –I Introduction

1.0 Introduction

1.1. Groundwater, An introduction

1.1.1. Groundwater, the earth and life. 1

1.1.2. Groundwater and related aspects 1

1.1.3. Groundwater Chemistry 2

1.1.4. Water use estimate, hydrology cycle and maintenance 6

1.1.5. Groundwater flow and water table fluctuation 11

1.2. Groundwater detection techniques of ancient and recent time 13

1.2.1. A historical perspective of Groundwater 13

1.2.2. Groundwater hydrology in Vedic India 16

1.2.3. Art of Groundwater detection 17

1.2.4. Advance techniques of Groundwater detection 19

1.3. Groundwater quality

1.3.1. Water Quality Standards 23

1.3.2. Selection of Ground-water-quality Indicators 24

1.3.3. Criteria for Indicator Selection 25

1.4. Groundwater contamination

1.4.1. Causes of groundwater depletion and contamination 31

1.4.2. Groundwater overuse and contamination 33

1.4.3. Over exploitation of Groundwater; salinity ingress 34

1.4.4. Pesticide contamination of Groundwater 35

1.4.5. Groundwater Contamination by Agriculture 36

1.5. Groundwater recharging: A threat of large scale contamination

1.5.1. Modes of Groundwater recharging 37

1.5.2. Combination of recharge and storage options 39

1.5.3. Precautions 41

1.6. Groundwater surveillance policies: National and International 42

Policies on Groundwater quality surveillance
1.7. Groundwater scenario of the study area 43
1.8. Aim and significance 48

Chapter –2 Experimental

2.0 Experimental 50
2.1. Selection of sample site 50
   2.1.1. Brief overview of Zones 52
   2.1.2. The sampling phase 55
   2.1.3. Methods of sampling and its preservation: 56
   2.1.4 Chain-of-Custody Procedures 56
2.2. Methods of preservation and storage 57
2.3. Methodology selected 58
2.4. Chemicals and Glassware: 58
2.5 Experimental Procedure 60
2.6. Instrumentation 61

Chapter: 3 Results and Discussion

3.0. Results and discussion 63
3.1 Overview on analytical results 63
   3.1.1 The Northern Region 63
   3.1.2 The North East Region 65
   3.1.3 The Eastern Region 66
   3.1.4 The South-East Region 67
   3.1.5 The Southern Region 68
   3.1.6 The Outer West Region 69
   3.1.7 The Western Region 70
   3.1.8 The North West Region 71
   3.1.9 Status of organic pollutants 72
   3.1.10 Status of heavy metals and pesticides 72
   3.1.11 Overall status 72
