APPENDIX
APPENDIX I

List of research papers Published/ Communicated

1. “Synthesis, spectral characterization and DNA interactions of copper(II) and nickel(II) complexes with unsymmetrical Schiff base ligands” M Pragathi & K Hussain Reddy (Communicated to Indian J. Chem. Sec., A, Manuscript Number: IC 3503)

2. “Water Soluble mono and dinuclear copper(II) complexes with tridentate ligands: Synthesis, crystal structure, nuclease activity and cytotoxicity” Madur Pragathi, Katreddi Hussain Reddy (Communicated to Polyhedron)
APPENDIX II

List of research papers presented in seminars
