ACKNOWLEDGEMENTS

“Research is to see which everybody has seen and to think which nobody has thought”. Starting with the famous words, I would like to memorize and thank the people who were instrumental in the completion of this important milestone of my academic pursuit. Although “thanks” is a poor expression of the deep sense of gratitude one feels in the heart, yet there is no better way to express ones sentiments.

With stupendous ecstasy and profundity of complacency, I express my deep sense of indebtedness and gratitude to my supervisor, Dr. Kamlesh Prasad, Professor, Department of Food Engineering and Technology, for his constant encouragement, excellent guidance, abiding interest and unstinted help during entire period of my research work. His vast erudition and deep knowledge at this stage of my infancy in learning the fundamentals, has opened for me new horizons of thoughts to probe into untrodden intricacies of this specialty. It is no exaggeration to say that this thesis may have not been possible without his devoted help.

It gives me immense pleasure to record my sincere gratitude to Head, Department of Food Engineering and Technology and Departmental Research Committee for their valuable suggestions and critical appraisal of this manuscript.

My heartiest thanks are also due to Director, S.L.I.E.T, Longowal and Dean (Academics) for their generous and emphatic help throughout the present studies. It is a pleasure to extend my sincere thanks to technical and other office staff for their timely help.

I owe a great sense of indebtedness to Professor Y.K. Yadav, Director, SSS NIRE; Dr. R. K. Behl, Assoc. Dean Retd., CCS HAU, Hisar; Dr. Praduman Yadav, Scientist (ICAR), for their keen interest, valuable suggestions, moral support which made this difficult task easier to achieve.

I cherish the sweet memories of good company with my dear friends whose wishes, encouragement, co-operation, moral support and reverence helped me to achieve this paragon.

No words of mine can adequately express my regards and love to my respected parents and my In-laws whose inspiration and motivation brought me to this stage.

I feel proud of words in expressing my deepest gratitude my brother J.S. Yadav, for giving me patience and strength to overcome the difficulties, which crossed my way in the accomplishment of this endeavor. I am thankful to Bhabhi Ji Ritu; Niece Vanshika; Sister Jeenat and Nephew Sumit, whose moral inspirations, sacrifice and love have always created confidence in me to accomplish this work.

Moments of joy and sorrow shared with my wife Dr. Ravindra, who always provided unending support and love can never be surpassed.

The Financial help in the form of fellowship, I received from S.L.I.E.T., is thankfully acknowledged.

Above all, The warmth showered upon me through every handshake, every smile and many a times through unsaid words is warmly acknowledged.
