LIST OF PUBLICATIONS

International Journals:

10. Ranganathan, G., Rangarajan ,R. and Bindhu V,’ ECG Signal Processing Using Dyadic Wavelet for Mental Stress Assessment” IEEE XPLORE DIGITAL LIBRARY.

Papers Presented in National conference:

1. Genetic algorithm based analysis of maternal alcohol intake on
2. Fractal properties in fetal cardiovascular activity
3. Reconfigurable base band filter using flexible granularity for wireless
4. Communication system

Papers Presented in International conference:

1. Hybrid Evaluation of Heart rate signals for mental stress assessment, India.
2. Signal processing of heart rate variability using wavelet transform for mental stress measurement, India.
3. ECG Signal Processing Using Dyadic Wavelet for mental Stress Assessments, China.
