ACKNOWLEDGEMENT

The words are feeble to express my feelings of deep gratitude, indebtedness and reverence to my esteemed guide and supervisor Prof. Dr. M.G. Mansuri, Head, Department of Psychology, Nalini Arvind Arts College, Vallabh Vidyanagar, Anand for his erudite guidance, unstinted support, stimulating discussion, speculative monitoring, constant counseling and keen interest throughout the progress of investigations embodied in this thesis.

I extend my heartiest thanks to Prof. Dr. Jigar Parikh, Head, Department of Psychology, Shri P.H.G. Municipal Arts and Science College, Kalol and Pragna Parikh for their consistent support and full co-operation for the study.

Words may be inadequate to convey my deep sense of gratitude to my Husband without whose blessings I could not have completed the research work. He has been a constant source of inspiration to foster my morale in my academic pursuits. It is also my pleasure to acknowledge the care, affection and concern of my Family towards me.

I owe special thanks to Principal of my college, Prof. Shilaben S. Vakil for translation, Prof. Mitesh Shah for helping me in SPSS Analysis of my data, Prof. Dr. Samir Patel who provided inspiration and substantial help to me at all the stages of my work. I also acknowledge the support from my friends, who stood beside me until the completion of this work.
Lastly, I acknowledge all the people, mentioned or not mentioned here, who have silently wished and gave fruitful suggestions and helped me in achieving the present goal. Each word of this work symbolizes the valuable contribution, inspiration, motivation and support of all and that can't be put in words.
