ACKNOWLEDGEMENTS

The utmost acknowledgement goes to the GOD. He blessed me with very good opportunities in my life, one of which was to carry out this research work under kind guidance of Dr. (Mrs.) S. Manocha. I owe my deepest debt of gratitude to Dr. (Mrs.) S. Manocha and Dr. L. M. Manocha under whom I had the opportunity of working as a research student.

I express my deep sense of gratitude and profound indebtedness to my esteemed guide Dr. (Mrs.) S. Manocha, Professor, Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar, whose able guidance, encouragement and support led to the fulfillment of my research work in the form of this thesis. Her keen interest has always been a great inspiration for me to work with zeal. The years spent in her counsel and company will have a lasting positive impact on my professional career. This thesis is an outcome of her binding concern, support and valuable suggestions. I would like to express my gratitude for her help and guidance.

I am indebted to Dr. L. M. Manocha, Professor and Head, Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar, for his day to day guidance in every aspect of life. I’m also benefited by his constructive criticism which made me aware of so many basic aspects of science and its application to the experimental work and in routine life which was indeed very central to one’s understanding of the subject.

I sincerely thank my friends and colleagues Dr. Jignesh Valand, Dr. Rakesh Patel, Dr. Nikesh Patel, Dr. Narendra Movaliya, Dr. Rakesh Raj, Dr. Bharat Patel, Dr. Amit Brahmbhatt, Dr. Harshad Patel, Dr. Imad Ali Dishar,
Dr. A. D. Patel Sir, Dr. Rajesh Pande, Mr. Vishal Makadia, Mr. Neeladri Vyas, Mr. Kalpesh Patel, Mr. Valay Solanki, Mr. Guddu Prasad, Mr. Milan Vyas, Mr. Karsan Ram, Mr. Ankur Darji, Ms. Arpana Basak, Mr. Hasmukh Gejara, and Mr. Parth Joshi for their timely help and support during and towards successful completion of my research work.

I am thankful to non-teaching staffs Mr. R. M. Rana, Mrs. Parul Sheth, Mr. Hardhik Shah, Mr. Anton Mackwan and Mr. Vinay Christian for their constant co-operation.

For the present work I had used the testing facility extensively such as XRD analysis at Sophisticated Instrumentation Center for Advance Research and Testing (SICART), Vallabh Vidyanagar. I am grateful to the Mr. Nikunj Patel and the Management of SICART-CVM for providing the facility.

I am grateful to the Head Department of Materials Science and University Grant Commission (UGC), Govt. Of India for providing me fellowship under its Meritorious students scheme to the Department of Materials Science.

The words are insufficient to express my gratitude to my beloved parents Shri Indravadanbhai Patel and Smt. Dharmisthaben Patel. The present work would not have been possible without their indispensable help, unlimited patience and affection full of constant encouragement in all my endeavours. A special thanks to my Devendra mama & family who suggested me for research in Materials Science Department. I owe to my Devendra mama. Affection full constant co-operation from my loving elder sister Namrata Patel and her husband Viral Kumar Patel have been valuable support to me.
I thank all my relatives, friends and all those who helped me directly or indirectly during my research work. Last but not least, I’m very grateful to my sweet and lovely niece Srija whose innocent smile always makes me feel happy.

With deep and heartiest sense of gratitude I thank my mentor Dr. (Mrs.) S. Manocha and Dr. L. M. Manocha for their love, blessings and inspiration.

Hemang Patel 
Research Student
