ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude to Dr. A. K. Handique, Professor, Department of Biotechnology, Gauhati University, Gauhati, for his encouragement, valuable guidance, keen interest, constructive criticism during the course of investigation and preparation of the manuscript.

I am immensely thankful and indebted to Dr. J. M. Laishram, Professor, Department of Plant Breeding and Genetics, College of Agriculture, Central Agricultural University, Iroisemba, Manipur for providing intellectual input, valuable material support and planning of this research work, constructive criticism during the course of investigation and correction of the manuscript.

I express my gratitude Prof. P.J. Handique, Head, Department of Biotechnology, Gauhati University, Guwahati, for moral support, encouragement and vital suggestions during course of research work.

I express my sincere thanks to Dr. I. Ibohal, Associate Professor, Department of Entomology, College of Agriculture, and Central Agricultural University, Iroisemba, Manipur for his help and cooperation during the course of research work.

I extend my heartfelt obligation and indebtedness to Dr. Hridip Kumar Sarma, Assistant Professor and Parnjan Barman, Department of Biotechnology, Gauhati University, Guwahati, for their vital suggestion during course of research work.

I am highly grateful to Dr. I. Iboton Singh, Dean, College of Agriculture, and Central Agricultural University for allowing me to conduct this research project providing all the necessary facilities including Laboratory, Chemical, Field, Greenhouse and Computer facilities.

I express my thanks to Th. Lotjim, Farm Assistant, Department of Plant Breeding and Genetics, College of Agriculture, Central Agricultural University, Iroisemba, Manipur for providing necessary facilities for conducting the experiment.

I express my thanks to I. Devachandra, Laboratory Assistant, Department of Plant Breeding and Genetics, College of Agriculture, Central Agricultural University, Iroisemba, Manipur for his help during the course of laboratory work.

I wish to express my warmest thanks to N. Brojendra Singh, Assistant Professor (Selection Grade) and H. Nanita Devi, Junior Plant Breeder, Department of Plant Breeding and
Genetics, College of Agriculture, Central Agricultural University who’s direct or indirect cooperation during the research work.

I have no words to express my gratitude to my parents and sister for their constant inspiration and monetary help without which it was not possible to present the thesis in this form.

I am thankful to Shri. Dwipen Das for printing and binding the manuscript neatly with patience and devotion.

Thokchom Victor Singh
