2.3.1 Epidemiology 24
2.3.2 Drug Resistance In Northeastern India 27
2.3.3 Molecular basis of parasite resistance to antimalarial drugs 29
  2.3.3.1 Resistance to quinolines 29
  2.3.3.2 Resistance to antifolates 35
2.4. Genetic diversity of *Plasmodium falciparum* 40

III Materials and Methods

3.1 Study Area 46
  3.1.1 South Tripura District 46
    3.1.1.1 Geographical Location of South Tripura District 46
    3.1.1.2. Climate of South Tripura District 47
    3.1.1.3 Topography of South Tripura District 47
    3.1.1.4 Agriculture and Economy:
    3.1.1.5. Population 49
  3.1.2 Sonitpur District 49
    3.1.2.1 Geographical Location of Sonitpur District 49
    3.1.2.2 Climate 50
    3.1.2.3 Topography 50
    3.1.2.4 Agriculture and Economy 51
    3.1.2.5: Population 51
3.1.3 Nagaon District 52
3.1.3.1 Geographical Location 52
3.1.3.2 Climate 52
3.1.3.3 Topography 53
3.1.3.4 Agriculture and economy 54
3.1.3.5 Population 54
3.2 Surveillance of Malaria 54
3.3 Diagnosis of Malaria 54
3.3.1 Clinical Diagnosis 54
3.3.2 Rapid Diagnosis of Malaria 55
3.3.3 Microscopic Diagnosis of Malaria 55
3.3.4 Molecular Diagnosis of Malaria 56
3.3.4.1 Sample Collection and Storage 56
3.3.4.1 Preparation of DNA 56
3.3.4.1 Species Specific Detection of Malaria by Nested PCR 57
3.4 In vivo Drug Sensitivity Study 59
3.4.1 Study Site 59
3.4.2 Study Volunteers 59
3.4.3 Treatment 61
3.3.4.4 Assessment of Parasitemia 61
3.4.5 Determination of study outcome 62
3.5 Molecular marker for Drug Resistance Study

3.5.1 Nested PCR and restriction digestion method for detection of pfcr7 K76T mutation

3.5.2 Nested PCR and restriction digestion method for detection of pfmdr N86Y mutation

3.5.3 Sequencing of Pfcr7 gene (partial) and its haplotyping

3.6 Determination of genetic diversity of P. falciparum

IV Results

4.1.1.1 Past Epidemiology of South Tripura District

4.1.1.2 Malaria Epidemiology at South Tripura District

4.1.1.3 In vitro Drug sensitivity Study

4.1.1.4 Molecular epidemiology of Drug Resistance in South Tripura District

4.1.1.5 Distribution of Pfcr7 Haplotypes in South Tripura District

4.1.2.1 Malaria epidemiology in Sonitpur District

4.1.2.2 Prevalence of pfcr7 K76T and Pfmdr1 N86Y mutations in Sonitpur District

4.1.3.1 Malaria epidemiology at Nagaon

4.1.3.2 Prevalence of pfcr7 K76T and mdr N86Y mutations:

4.2 Genetic diversity of Plasmodium falciparum

4.2.1 South Tripura District

4.2.2 Sonitpur District
V Discussion

5.1 Malaria Epidemiology 98

5.2 Molecular Epidemiology of Drug resistance 101

5.3 Molecular Epidemiological Study of Genetic Diversity of *P. falciparum.* 108
