CONTENTS

Chapter 1

INTRODUCTION 1 - 16

1.1 Introduction 1
1.2 Perspectives on the Role of Transportation in Regional Development 3
1.3 Transportation and Regional Development Relationship: An Overview 4
1.4 Transportation and the Rural Development 5
1.5 Review of literature 7
1.6 Objective 13
1.7 Hypothesis 13
1.8 Methodology 14
1.9 Sources of Data 14
1.10 Secondary Sources 15
1.11 Other Sources 15
1.12 Choice of the Region 16
1.13 Design of the Proposed Research Work 16

Chapter 2

SPATIO TEMPORAL CHANGES IN LAND USE 17 – 30

2.1 Introduction 17
2.2 History of agriculture in India 25
A. Vedic Period Post Maha Janapadas Period (1500 BC – 200 AD) 26
B. Early Common Era High middle age (200 AD – 1200AD) 26
C. Late middle age Early modern era (1200AD – 1757 AD) 26
D. Colonial British Era (1757 AD – 1947 AD) 27
E. Republic of India (1947 AD onward) 27

2.3 Indian commercialization of agriculture 28
A. Effects of Globalization 29
B. World Trade Organization (WTO) 29

Chapter 3

PHYSICAL AND CULTURAL ASPECTS 31 – 52

3. A: Physical Aspects 31
3. A.1: Introduction 31
3. A.2: Location, Situation and Site 31
3. A.3: Geology 32
3. A.4: Relief 32
3. A.5: Drainage 35
3. A.6: Climate 39
   1) Temperature 40
   2) Humidity 40
   3) Cloudiness 40
   4) Wind 40
   5) Special Weather Phenomena 40
   6) Rainfall 40
3. A.7: Soils

3. B: Cultural Aspects

3. B.1: Introduction

3. B.2: Population

3. B.3: Density of Population

3. B.4: The Spatial Distribution of Population Density

3. B.5: Education

3. B.6: Transportation

3. B.7: Land Holding

3. B.8: Agricultural

Chapter 4

GENERAL LAND USE PATTERN

4.1 General Land Use Pattern of Nashik District

4.2 Forest area in Nashik District

4.2 a Classification of Forest Area

4.2 b Temporal Changes in Forest Area in Study Region

4.3 Fallow Land in Nashik District

4.3 a Classification of Fallow Land

4.3 b Temporal Changes in Fallow land area in the study region

4.4 Area not available for cultivation in Nashik district

4.4 a Classification of area not available for cultivation

4.4 b Temporal changes in area not available for cultivation
Chapter- 5

AGRICULTURAL LAND USE PATTERN

5.1 Introduction

5.2 Spatial Analysis of Agricultural Land use

5.3 a Spatial Variation of Rice crop in Nashik District

5.3 b Temporal changes in Rice crop in Nashik District

5.4 a Spatial Variation of Wheat crop in Nashik District

5.4 b Temporal changes in Wheat crop in Nashik District

5.5 a Spatial Variation of Jawar crop in Nashik District

5.5 b Temporal changes in Jawar crop in Nashik District

5.6 a Spatial Variation of Bajara crop in Nashik District

5.6 b Temporal changes in Bajara crop in Nashik District

5.7 a Spatial Variation of Sugarcane crop in Nashik District

5.7 b Temporal changes in Sugarcane crop in Nashik District

5.8 a Spatial Variation of Grapes crop in Nashik District

5.8 b Temporal changes in Grapes crop in Nashik District
Chapter 6

IMPACT OF TRANSPORTATION ON LAND USE OF

NASHIK DISTRICT

6.1 Spatial variation in Road density in Nashik district 103
6.2 Spatial variation in National Highway density in Nashik district 103
6.3 Spatial variation in State Highway density in Nashik district 103
6.4 Spatial variation in District Highway density in Nashik district 103
6.5 Impact of Transportation on General Land use Pattern 115

A Forest and Transportation 115
1 National highway and Forest 115
2 State highway and Forest 116
3 District highway and Forest 116
4 Total road density and Forest 117

B Fallow Land and Transportation 118
1 National highway and Fallow Land 118
2 State highway and Fallow Land 119
3 District highway and Fallow Land 120
4 Total road density and Fallow Land 121

C Area not Available for cultivation and Transportation 122
1 National highway and Area not Available for cultivation 122
2 State highway and Area not Available for cultivation 122
3 District highway and Area not Available for cultivation 123
4 Total road density and Area not Available for cultivation 124

D Cultivable Waste and Transportation 126
1 National highway and Cultivable Waste 126
2 State highway and Cultivable Waste 126
3 District highway and Cultivable Waste 127
4 Total road density and Cultivable Waste 128

E Net Sown Area and Transportation 130
1 National highway and Net Sown Area 130
2 State highway and Net Sown Area 130
3 District highway and Net Sown Area 131
4 Total road density and Net Sown Area 132

6.6 Impact of Transportation on Agricultural Land use Pattern 133

A Rice Crop and Transportation 133
1 National highway and Rice Crop 133
2 State highway and Rice Crop 134
3 District highway and Rice Crop 135
4 Total road density and Rice Crop 135

B Wheat Crop and Transportation 136
1 National highway and Wheat Crop 136
2 State highway and Wheat Crop 137
3 District highway and Wheat Crop 138
4 Total road density and Wheat Crop 139

C Jawar Crop and Transportation 140
1 National highway and Jawar Crop 140
2 State highway and Jawar Crop 141
3 District highway and Jawar Crop 142
4 Total road density and Jawar Crop 143

D Bajara Crop and Transportation 144
1 National highway and Bajara Crop 144
2 State highway and Bajara Crop 144
3 District highway and Bajara Crop 145
4 Total road density and Bajara Crop 146

E Sugar cane Crop and Transportation 147
1 National highway and Sugar cane Crop 147
2 State highway and Sugar cane Crop 148
3 District highway and Sugar cane Crop 149
4 Total road density and Sugar cane Crop 149

F Grapes Crop and Transportation 150
1 National highway and Grapes Crop 150
2 State highway and Grapes Crop 151
3 District highway and Grapes Crop 152
4 Total road density and Grapes Crop 153
Chapter 7

ROLE OF TRANSPORTATION ON AGRICULTURAL LAND

USE OF TRIBAL PEOPLE CASE STUDY OF SURGANA, IGATPURI, DINDORI AND TRIMBAK TAHSILS

7.1 Introduction

7.2 Individual Case Study

Case Study 1
Case Study 2
Case Study 3
Case Study 4
Case Study 5
Case Study 6
Case Study 7
Case Study 8

7.3 Village Level Case Study

1. Occupation Status
2. Family Size
3. Educational Status
4. Cropping Pattern 171
5. Total Agricultural area per family 173
6. Total Annual Agricultural Income per Family 174
7. Agricultural Field distance from Main road 175
8. Road Condition before 2000 and Changes in Road Condition 176
9. Impact of Road on Crop and its Production 176

Chapter 8

OBSERVATIONS AND CONCLUSIONS 182 - 192

REFERENCES AND BIBLIOGRAPHY 193 - 202
