Acknowledgement

It gives me immense pleasure to express my profound and sincere gratitude to my venerated guides Dr.(Mrs.) Neelafer Khan, Director, Institute of Home Science, University of Kashmir and Dr.Inatiyaz Ali, Professor and Head, Department of Community Medicine, SKIMS whose untiring and highly inspiring guidance helped me in the completion of this work. It is only due to their constant supervision, affectionate attitude and continuous vigil over the progress of this work that the present study could be smoothly conducted and completed. I am highly indebted for their constant help, counsel and encouragement. Their wisdom and scholarship are awesome and inspirational.

It gives me lot of pleasure to thank Dr.Shekh Mushtaq, Department of Neonatology (SKIMS) for providing guidance in technique of conducting developmental assessment of the children.

I feel pleasure in expressing my special and sincere thanks to Dr.Attar Ali, Senior Lecturer, Department of Statistics, SKUAST for his help in statistical analysis.

I also owe my thanks to Mr.Tariq Wani, Statistician, Department of Community Medicine, SKIMS for his help.

I respectfully acknowledge the help provided by all staff members (both teaching and non-teaching especially Mrs.Humaira Azim, Mr.Abbas Mandeo and Mr. Mehrajud-Din) Institute of Home Science, University of Kashmir.

I owe my special thanks to librarians of Institute of Home Science, Inqilab Library, Shai-Kashmir Institute of Medical Science, Sona, National Medical Library and INSDOC, New Delhi for being kind enough to provide me literature which enabled me to complete the thesis.

I wish to extend my thanks to all the respondents and their mothers who co-operated with me in carrying out my study.

My due regards to Mr. and Mrs. Javed Ahmad (Universal Computers) who took keen and personal interest in computerising the manuscript. I am thankful to them for their expert and competent typing.

Lastly whatever I say cannot possibly convey the depth of my appreciation to all of my family members (especially my father, my husband Dr.Rafiq Vaida, my children Faizan and Nihan and also my brothers Tariq and Dr.Shaukat Vaida) for whom this entire process was a good deal more difficult than it was for me and whose support during the turbulent and torturous days of this study made this work possible.
