ACKNOWLEDGEMENT

This thesis has been prepared under the guidance of Dr. P. REVASENA NAIDU, Reader in Economics, S.V. University Tirupati. But for his advice, criticism and guidance this work could not have been possible. Prof. E.M. NAIDU, Head of the Department and the faculty of Economics have been very kind and helpful to me during my study period. Dr. C. SUBBARAM REDDY, Dept. of Statistics has advised me on several econometric problems. Srim. P. NEELAKANTAM, Srim. K. SURENDRRA BABU and Srim. YUGANDAR helped me a great deal at every stage of this work. My aunty Smt. C. SYAMALAMMA, my wife Smt. N. Uma and my uncle Srim. G. KRISHNAMURTHY NAIDU have been a great source of support to me.

My friends Srim. NARASIMHULU NAIDU, G. BABU and T. VENKATESWARLU, and my brother C. Sridhar Babu, my sisters SAILAJA and GOUTHAMI stood by me during the study. My special appreciation to the people of Sri GuruDatta Computers for co-operating a lot in this regard.

I express my deepest sense of gratitude and appreciation to all of them.
