ACKNOWLEDGEMENTS

I have immense pleasure in expressing my deep sense of gratitude to my research supervisor, Dr. V. Pulla Reddy, Reader, Department of Library and Information Science, Sri Venkateswara University, Tirupati, for suggesting me this problem and for his valuable guidance and constructive suggestions at each and every stage during the preparation of the thesis.

I am grateful to Prof. N. Guruswamy Naidu, Professor, Department of Library and Information Science, S.V.University, Tirupati for his constant encouragement and help in the completion of this work.

I am thankful to Dr. T. Rajagopal, Reader and Head, Department of Library and Information Science, S.V.University, Tirupati for providing me the necessary facilities for carrying out my research work and for his encouragement.

I acknowledge the help received from Dr. D.Chandran, Lecturer, Dr. Smt. K. Padmini, Lecturer, Sri I. Chandralah, Lecturer and the non-teaching staff Sri S. Surya Prakash, Sri B. Siddi Raju and Sri K. Venugopal of the Department of Library and Information Science for their timely help and moral support.

My sincere thanks are due to Sri M.R. Chandran, Librarian, Sri Venkateswara University Library, Tirupati and all other staff members of the Library for their great help in providing relevant literature during the course of my work. I am also thankful to the Director and the staff members of DRTC, Bangalore, for their help in providing the literature for the study. I extend my thanks to the Head and the staff members of the Departments of Botany and Zoology for their help in providing me the doctoral theses required for the study.
I profusely thank Dr. P. Ramana Reddy, Professor and Director, Computer Centre, S.V. University for providing me the necessary facilities and help for processing the data. I am also thankful to the other staff members of the Computer Centre for their help and moral support.

I immensely thank Prof. P. Narasimha Rao, Retired Professor, Department of Animal Reproduction and Gynecology, College of Veterinary Science, Tirupati for the keen interest and valuable suggestions in preparing the manuscript of the thesis.

Needless to add that I am grateful to acknowledge with thanks, the S.V. University authorities for permitting me to carry out the research in the Department of Library and Information Science.

V. VIMALA
