ACKNOWLEDGEMENTS

I feel privileged to express my sincere regards and gratitude to my supervisors Dr. Sushma Gupta, Associate Professor and Dr. Sukhjit Singh Dhaliwal, Professor, Department of Mathematics, Sant Longowal Institute of Engineering & Technology, Longowal, for their invaluable guidance, untiring efforts, persistent inspiration and enormous co-operation throughout the course of this work. Without them I would have never completed my thesis. The critical observations and constructive criticism, rendered by them, during the discussions are deeply appreciated.

My heartfelt thanks go to Prof. Mandeep Singh for his generous encouragement. My heartfelt thanks go to Dr. V.K. Mishra (Head of Mathematics Department, SLIET, Longowal), Dr. V.K. Kukreja and Dr. J.R. Sharma (Members of Research Progress Committee, SLIET, Longowal), and the other faculty members for their helpful and valuable advice.

I am also grateful to my friends Pranjal, Himani, Sachin, Mehak and Yogesh for their timely help and the moral support which they provided me during my research work.

I thankfully acknowledge the help and co-operation extended by the authorities of Sant Longowal Institute of Engineering & Technology, Longowal.

I would like to thank my father whose heavenly blessings supported me spiritually throughout my life. I am forever grateful to my mother, whose enduring patience and greatest, but silent and unseen, contribution which has enabled me to pursue higher studies. The moral support given by my brother helped me tackle all the problems and work harder. Last but not the least, my grateful thanks go to the omnipresent God for answering my prayers in every aspect of my life.
