ACKNOWLEDGEMENT

It is my great pleasure to express my sincere and heartfelt thanks and gratitude for the following persons for extending guidance, help and constant encouragement during the course of this work.

To begin with, I thank the Management and the Authorities of SRM University for providing the necessary support to carry out this research work.

It gives me immense pleasure to express my deep sense or reverence and gratitude to my Research Supervisor Dr. M. Arthanareeswari for her valuable guidance throughout my research work.

With profound gratitude, I would wish to acknowledge the moral support, constant encouragement and direction provided by Dr. P. Kamaraj, Professor, Department of Chemistry, SRM University, Kattankulathur at various stages of the metamorphosis of this project.

I thank the HOD/Chemistry for the support.

I am profoundly indebted to Dr. B. Sivakumar, Assistant Professor, Department of chemistry, SRM University, Kattankulathur for his inspiring guidance. I humbly place on record my respect and gratitude to all my teachers for their encouragement.
I express my gratitude to Dr. A. Nageswara Rao, Professor, Department of Analytical chemistry, University of Madras and Dr. K.M. Veerabadran, Professor, Department of chemistry, Anna University for their encouragement in completing my research work.

I express my gratitude to Dr. Jayshankar, Dr. Baghavati Sundari and Dr. Suresh Rajendran for sharing their ideas on the synthesis. I cordially thank Dr. S. Devikala, Assistant Professor, Department of chemistry, SRM University, my seniors Dr. V.M. Dayalan and Ms. R. Vennila for their special encouragement and cooperation.

With an overwhelming sense of affection and gratitude, I place it on record my heartfelt thanks to my beloved parents Sri V. Nagarajan and Smt N. Pushpavalli, my sister Smt V. Suganya, my beloved wife Smt S. Gayathri, my daughter S. Shruthi, and other family members whose affection, co-operation and encouragement provide me the necessary inspiration to complete this work.
