ACKNOWLEDGEMENT

I offer my salutations at the feet of M. Mathamal, the Supreme Lord, whose grace and benevolence have been a beacon of light guiding me through the difficult of difficult times through the turbulent waters of life and have given me the courage and conviction to pursue science in its essence. It is her ever gracious presence that has helped me in meeting deadlines and completing this thesis. “I bow at her lotus feet and seek his grace in all what I do in future”.

With profound sense of gratitude, pleasure and humbleness, I express my hearty gratitude towards the man, who shown me right way, in right direction, at right time and inspired me, strengthened my will, build up my confidence he is my father P. MADHESHA and to my respectable mother Mrs. M. MATHAMMAL and who guided and supported me at every movement of life. I also acknowledge my beloved brothers M. SARAVANAN and M. VENKATESAN for their support and inspiration.

I consider myself very fortunate to have Dr. V. Manju, M.sc., M.Phil., Ph.D., as a research Guide, Assistant Professor, Department of Biochemistry, Periyar University, Salem. Who with her dynamic approach boosted my moral, who helped me to a very great extent in the completion of this thesis. Her guidance, constant encouragement, enthusiasm, stimulating discussion, kind co-operation and untiring help which made the thesis and educative and interesting experience. I am short of words to thank her for unlimited patience, freedom of thought, faith and affection bestowed upon me throughout my research work. I am very proud to say that she is just like a velvet hand in an iron glove and a dazzling diamond in disguise.

I would like to extend my thanks to Dr. M. Suriyavathana, M.Sc., M.Phil., Ph.D., Assistant Professor and Head (i/c), Dr. T. Pulsvannan M.sc., Ph.D., Assistant professor, Department of Biochemistry, Periyar University, Salem-11 for their valuable support during the period of my work.
I express my sincere thanks to Dr. N. Chandrasekar, Professor, JSS college of Pharmacy, Ooty for the help rendered to me in all aspects of my study.

Lab mates and colleagues are true companions, without whom a researcher is incomplete. I had privilege of having batch mates. Who were always by my side with all their support, help and encouragement.

I express my thanks to my juniors for their timely help me in completion of my dissertation work.

Friends are like pearls of deep sea- very rare and very precious. I am really thankful to have such pearls. Those, who are not directly involved in my scientific research but share is a major portion of satisfaction and happiness for my achievements for my best friends R, Manikandan and J. Priya. I hereby offers my proud salutations to all of them for their love and encouragement. Their belief in me, gave me the energy to move on. I will ever remain indebted to them.

I wish to express my sincere thanks to V. Gopi, M.Sc., B. Hajara Parveen M.Com., M.S.W., Mrs. M. Anandhi M.Sc., M.Phil., and Dr. A. Shanmugam M.Sc., M.Phil., Ph.D., for their support in all aspects of my study.

I will remain forever indebted in the lives of the animals, sacrificed during the experiment, which was done with noble purpose of widening on horizons of science.

I am also thankful to non-teaching staff of the department; Mr. P. Manivannan, Mrs. Dhanam and A.K. Balasundharan for their timely help during my tenure of work.

“Words are just not enough to express my gratitude”

By
M. Murugesan
