Acknowledgement

It gives me great pleasure in expressing my gratitude to all those people who have supported me and had their contributions in making this thesis possible.

It is my great pleasure and immense gratitude that, I wish to acknowledge my guide, a man of great patience, in my Guru Prof. Dr. S. Anbazhagan, for his continuous motivation and invaluable guidance and encouragement. I am grateful to him for spending his valuable time with me for completion of this work. As Professor and Head, he permitted me to utilize department facilities to carry out the work.

I thank my Doctoral committee members Prof. Dr. R. Venkatachalapathy, Professor, Department of Geology, Periyar University and Dr. R. Ramesh, Associate Professor, Centre for Remote Sensing, Bharathidasan University for their valuable comments and throughout my research work.

I would like to thank Dr. M. Tamilmaran, Shri.V.Vaithiyanathan, Principal PRUCAS, Mettur for their constant encouragement and inspiration during tough times in my Ph.D. pursuit, and also thankful to colleagues in my college for their encouragement and valuable suggestions, both in the field and during thesis-writing.

The surface and ground water centre, Chennai provided rainfall and ground water data is acknowledge. Assistant directors, Executive Engineers of public work department at Dharmapuri were provided valuable data.

I thank the kindness and support extended by my supervisors’ family members Mrs. Ezhil Anbazhagan, Shri Kavin and Shri Kabilan during my period of research work.

At this juncture, I express my thanks to my friend Dr. A. Jothibasu and family, S. Uma Maheswaran, Sathees, Sathyaa, Lakshmi, Mouna, Senthil and all my classmates.

Dr. Guru Balamurugan, Shri. M. Chinnamuthu and S. Uvaraj, Research scholars, in Department of Geology, helped me in remote sensing and GIS study.

I extended my thanks all faculty members, Research scholar, students and non-teaching staffs of Geology department in Periyar University and PRUCAS, Mettur helped me in different ways during my research work in the department.
Dr. C.K. Muthumaaniraja, Shri. M. Rajendran, Dr. S. Arivazhagan, Shri. V. Ramesh, C.R. Paramasivam and Shri K. Tamilarasan research scholars department of geology, provided valuable support and help during my doctoral programme.

I would also like to extend huge, warm thanks to my uncle Shri. G.Viswanathan (Sri Venkatesa Perumal Temple), Shri. A.L. Dheivanathan (Amazan International School), Senthil Chitra and Suresh rathimala for their valuable help and support.

I would like to thank my family for their love and encouragement. Amma appa and brother Shri.A.Radakrishnan family have given their unequivocal support throughout, my research work, for which my mere expression of thanks not sufficient.

My heartfelt acknowledgment must go to my wife Thangam. Her support, encouragement, and companionship have guided my journey through out my research. For all that, and for being everything, she has my everlasting love. Also thanks my ‘angel’ Dhanushree and ‘Maharaja’ Shriram for dedicated childhood during my Ph.D. period.

A. Venkatesan
