ACKNOWLEDGEMENT

It has been my privilege and good fortune to work under the supervision of Dr. I.S. Hooda, Reader, Department of Rural Development M.D.U., Rohtak. I am deeply indebted to him for his invaluable guidance, constant encouragement and the personal interest shown in the completion of this research work. He always guided me in a constructive, sympathetic, encouraging and affectionate way.

It is my privilege to extend my sincere thanks (and also a hearteous tribute) to (Late) Dr. Jit Lakra, Lecturer who had been the source of inspiration for my academic progress. My sincere thanks are also due to Dr. S.R.Ahlawat, Reader, department of rural development and Dr. (Mrs) Santosh Nandal, Lecturer, department of rural development, who extended their kind cooperation in the completion of this work.

I owe my pious duty to express my gratitude to my parents without whose blessings I could not have completed my research work. I also express my gratitude to my Bhabhiji and elder brother Sh. Jai Kumar Bhardwaj, Sub-Inspector Delhi Police who has been a constant source of inspiration to bolster my morale in my academic pursuits. I also express my sincere thanks to my brother Radhey Shyam Bhardwaj who has been kind enough to keep me free from my household burden during the research work. I also owe special love to
my niece Suman, Pooja, Priya and nephew Rahul, Mohit and Ravi. They never bothered me when I was busy in my research work and kept me in good humour.

My whole hearted thanks are also due to my friends Savita Dahiya, Research Scholar, department of Rural Development, Naseeb Singh, Lecturer Senior Secondary School, Sh. Kulbir Singh, Mr. Lekhraj Patlan and Balwan Singh Patlan for their kind co-operation and encouragement in my research work.

I express my thanks to all the executive heads, especially Dr. Jasphool Singh of CVS and R.P. Saini of NYKS, and workers of the NGOs who contributed valuable and helpful informations for the present study. My sincere thanks are also due to the beneficiaries especially the women who extended their spontaneous co-operation in collecting the necessary data for the present study.

I have received help of all sorts, sometimes essentially anonymous from numerous others and I hope that they will treat this vague statement as my special acknowledgement to them. In the last I am also thankful to M/s Sehgal Type & Computer for doing neat and beautiful word processing.
