First and foremost, I express my deep sense of gratitude and sincere thanks to my guide Dr. K. Senthilkumar, Assistant Professor, Department of Physics, Bharathiar University, Coimbatore for his valuable suggestions, enthusiastic encouragement, inspiring guidance, care, useful critiques and his kind help throughout the research work. His strong will, patience and extremely understanding nature have inspired me and I am grateful for his valuable advice and assistance in keeping my progress on schedule.

I would like to express my gratitude to Dr. P. Kolandaivel, Professor and Head, Department of Physics, Bharathiar University, Coimbatore for extending necessary facilities and for his encouragement right from the early stage of my research work.

I express my gratitude to Dr. L. Senthilkumar, Associate Professor, Department of Physics, Bharathiar University, Coimbatore for his invaluable support and advice throughout my research work.

I extend my sincere thanks to Faculty Members of the Department of Physics and Department of Medical Physics, Bharathiar University, Coimbatore for their support and help rendered throughout my research career. I thank all the non-teaching staffs of Bharathiar University, Coimbatore for their timely help.

I express my immense gratitude to Dr. V. Natarajan, Scientist ‘F’ and Dr. Shiny Nair, Scientist, Naval Physical and Oceanographic Laboratory, Thrirakkara, Kochi and DRDO – BU Center for Life Science, Bharathiar University, Coimbatore for providing the research project and awarding me the Junior Research Fellowship.

I gratefully acknowledge the Council for Scientific and Industrial Research (CSIR), India for awarding me the Senior Research Fellowship.

I sincerely thank Dr. T. Vengatachalam, Associate Professor, Department of Physics, Coimbatore Institute of Technology, Coimbatore and Mr. K. Sakthivel, Assistant Professor, Hindusthan College of Engineering, Coimbatore for their timely help.
I wish to thank my colleagues Ms. R. Nithya, Ms. L. Sandhiya and Mr. K. Navamani for exchanging their interesting ideas, thoughts and also the timely help afforded during my research career. My special thanks to my Juniors Ms. M. Sowmiya, Mr. S. Ponnusamy and Mr. M. Gnanaprakasam for their help.

I extend my heartfelt thanks to Dr. N. Santhanamoorthi, Post Doctoral Fellow, National Taiwan University of Science and Technology, Taiwan who is always there to advise and help me whole heartedly and supporting me in finishing my dissertation successfully.

I would like to take this opportunity to thank my past Seniors and present Juniors, Molecular Quantum Mechanics Lab, Department of Physics, Bharathiar University, Coimbatore for their encouragement and support throughout my work.

I take great pleasure in thanking Dr. N. Neelakandeswari, Associate Professor, Department of Chemistry, Sri Ramakrishna Engineering College, Coimbatore and Ms. K. Prabha, Research Scholar, Department of Chemistry, Bharathiar University, Coimbatore for their affection and timely help during my research work.

I extend my special thanks to my well-wishers Ms. A. Ranjitha and Mrs. R. Tamilarasi and all my friends for their encouragement and continuous support throughout my work.

Of course, none of this would be possible without the continual support of my Family members. It is very difficult to find suitable words to describe my gratefulness to my Family members. They have been a great source of love, motivation and encouragement and I will be grateful forever for their help.

With deep sense of gratitude I record here my happiness in thanking Almighty for his continued presence which guided me all along in successful completion of the work.

G. Saranya
