ACKNOWLEDGEMENT

At the outset, I express my deep sense of gratitude and indebtedness to my mentor Dr. Sarita G. Bhat, Senior Lecturer, Department of Biotechnology for valuable guidance, healthy and constructive criticism, inducing a research aptitude in me and molding my research career, assessing my strength and weakness.

I am extremely thankful to Prof. Dr. M. Chandrasekaran, Professor, Department of Biotechnology, Cochin University of Science and Technology, Cochin for facilitating me in my research endeavours and taking keen interest in making my Ph.D life to perfection.

I am indebted to Dr. Elyas. K. K for his timely help and critical views about research ideas to improve my research work, manuscripts and taking keen interest in making my Ph.D life to perfection. Without his inspiration I cannot complete this into perfection.

I take this opportunity to express my gratefulness to Dr. C. S. Paulose, Head, Department of Biotechnology, Cochin University of Science and Technology, Cochin for utilizing the facilities in the Department and special thanks also for utilizing the Gel Doc facilities in Neurobiology lab.

I also express my thanks to other senior Faculties Dr. Padma Nambisan, Dr. E. Vijayan, Department of Biotechnology, Cochin University of Science and Technology, Cochin for their timely help.

I am extremely thankful to Binoy Joseph and Girish, for taking all the Gel pictures of my experiments with a pleasant and smiling face. I am also grateful to Soorej M. Basheer for the timely help done in many ways in tiring situations.
I am grateful to Dr. Sreeja Chellappan, Jasmine, Madhu, Lailaja, Jissa, Beena, 
Dr. Balarama Kaimal, Dr. Santhosh Thomas, Akash George, Riyas Khan, Finla chathu, 
Savitha, Remya, Anu, Ami, Bijina, Archana Kishore, Bernard Rajeev, Siju M. Varghese, 
Jeena and all others in Department of Biotechnology for doing the timely help rendered by 
them.

I also express my thanks to the staff of Department of Biotechnology and to the 
staff of administrative office especially academic and examination wing, Cochin University 
of Science and Technology, Cochin.

It was the love, blessings and encouragement of my Amma and Vaapa, which 
made it possible for me to complete this research work and continue my educational career. 
My heartfelt thanks are due to Ansar, my husband for his support, encouragement and 
help, without which it wouldn’t have been possible for me to complete this work. I am also 
grateful to my loving kid Ponnu.

My sincere thanks are due to my brother, Dr. Manush S.M., JSPS Post Doctoral 
Fellow, Food Biotechnology Division, NFRI, Japan for his support in all terms during 
the Ph.D life and his encouragement in tiring situations.

Lastly I would like to thank Cochin University of Science and Technology, 
Cochin for providing financial support in the form of fellowship during the research 
tenure.

Above all, I express my gratitude for almighty God for completing this research 
work.

Manjusha. S.
Dedicated To

MY LOVING Amma, Vappa, respected Teachers,
Dr. Manush S.M., Ansar M.S., Ponnu
and Above all to the almighty GOD.
