ACKNOWLEDGEMENTS

By the grace of Almighty, I am privileged to express my abiding sense of obligation to my research guide Dr. Asif Ali Khan, Reader in Zoology, Aligarh Muslim University, Aligarh, whose sagacious and invaluable guidance was instrumental in the completion of this work. I have been filled with such revered feelings that suddenly words have lost meanings and sentences are becoming feeble to bear the burden to express the benefits of his help and counsel over the entire period of time to bring the present work on horizon.

I am indebted to Prof. A.K. Jafri, Dean, Faculty of Life Sciences and Chairman, Department of Zoology, Aligarh Muslim University, Aligarh for his encouragement and advice whenever needed.

I have been fortunate enough to get very many rare and classical references from the collection of literature, generously provided by Dr. Abdul Qayyum Siddiqui, King Abdulaziz City for Science and Technology, Riyadh, KSA to whom I owe particular gratitude and extend my wholehearted thanks.

Many persons were good enough to send me their research publications particularly Dr. W. Hofmann, Max Planck Institute for Limnology, Germany, Prof. B.B. Jana, University of Kalyani and Dr. Reena Chakraborti, University of Delhi and their contribution to this work is gratefully acknowledged.

A special word of thanks for Dr. Shahid H. Khan and Dr. Absarul Hasnain for their useful suggestions and incessant encouragement through the course of this work.

From the depth of my heart, I am sincerely grateful to my colleagues, Mr. Rajeev K. Gaur, Mr. Md. Afque Alam, Ms. Saltanat Parveen and Ms. Sherin Asif for rendering their support and cooperation at the time of need.

I wish to express my heartfelt and deepest gratitude to my parents and sisters for their everlasting moral support, affection, patience and forbearance without which it would have been impossible for me to accomplish the task of completing this work.

A good deal of tiresome labour involved in putting together the typescript is shared by my brother, Mr. Aamir Ahmad who utilized his virtually unlimited and indefatigable energy for me, I hereby record my deep appreciation to him.

I am indebted to a host of friends who have helped me in many ways especially Mr. Syed Khalid Hasnain, Mr. Rashid Pervez, Mr. Abrar Ahmad, Mr. Israr Ahmad, Mr. Moammar H. Aziz and Mr. Rizwanur Rahman and my other senior colleagues including Dr. Asim Azfer, Dr. M. Niamat Ali, Ms. Anjum Nasreen, Ms. Fauzia Sherwani and Ms. Nazura Usmani. I thank each one of them for cheerfully giving me their time.

I am immensely thankful to my friend, Mr. Aziz Ahmad for the meticulous composing of the manuscript

Lastly, the financial assistance provided by Aligarh Muslim University and Council of Scientific and Industrial Research, New Delhi in the form of Junior and Senior Research fellowship is also gratefully acknowledged.
