

C O N T E N T S

| | PAGE NO. |
|--|------------|
| Acknowledgements | i - ii |
| List of Tables | Viii - xi |
| list of Figures | xii - xiii |
| | |
| CHAPTER - I : <u>INTRODUCTION</u> | 1 - 19 |
| (i) The Problem | 3 |
| (ii) Aims and Objectives | 8 |
| (iii) Data Base : Sources and Limitations | 10 |
| (iv) Methodology | 12 |
| (v) A Critical Account of the Work Done so far | 13 |
| | |
| CHAPTER - II : <u>AGRICULTURAL CHARACTERISTICS OF SYRIA AND EGYPT</u> | 20 - 43 |
| (i) Agricultural Characteristics of Syria | 20 |
| (ii) Agricultural Characteristics of Egypt | 33 |
| | |
| CHAPTER - III : <u>MEASUREMENT OF AGRICULTURAL PRODUCTIVITY AND ITS SPATIO-TEMPORAL ANALYSIS</u> | 44 - 98 |
| (i) Concept and Objectives of the Measurement of Agricultural Productivity | 44 |

(iv)

| | | |
|--------------|---|----------|
| (ii) | Productivity of Land | 48 |
| (iii) | Productivity of labour | 50 |
| (iv) | Productivity of Capital | 52 |
| (v) | Methods and Techniques of Measuring Agricultural Productivity | 55 |
| (vi) | Agricultural Productivity in Syria | 67 |
| (vii) | Agricultural Productivity in Syria-Regions | 70 |
| (viii) | Low Agricultural Productivity Regions in Syria | 70 |
| (IX) | Medium Agricultural Productivity Regions in Syria | 78 |
| (x) | High Agricultural Productivity Regions in Syria | 82 |
| (xi) | Agricultural Productivity in Egypt | 90 |
| (xii) | Causes of High Productivity in Egypt | 93 |
| (xiii) | Inputs Variations in Syria and Egypt | 95 |
| (xvi) | Factors Affecting the Productivity Gap in the Syria and Egypt | 97 |
| CHAPTER - IV | : <u>VARIATIONS IN LEVELS OF GROWTH AND LEVELS OF PRODUCTIVITY IN SYRIA AND EGYPT</u> | 99 - 157 |
| (i) | Syria | 99 |
| (ii) | Foodgrains : Growth in Area, Production and Yield | 102 |

| | | |
|-------------|--|-----------|
| (iii) | Cereals : Growth in Area, Production and Yield | 109 |
| (iv) | Pulses : Growth in Area, Production and Yield | 116 |
| (v) | Wheat : Growth in Area, Production and Yield | 123 |
| (vi) | Foodgrains : Growth in Area, Productivity and Production in Syria | 132 |
| (vii) | Cereals : Growth in Area Productivity and Production in Syria | 136 |
| (viii) | Pulses : Growth in Area, Productivity and Production in Syria | 140 |
| (ix) | Foodgrain : Growth in Area, Productivity and Production in Egypt | 144 |
| (x) | Cereals : Growth in Area, Productivity and Production in Egypt | 148 |
| (xi) | Pulses : Growth in Area, Productivity and Production in Egypt | 152 |
| CHAPTER - V | : <u>COMPONENTS OF VARIATIONS IN FOODGRAIN PRODUCTION IN SYRIA AND EGYPT</u> | 158 - 247 |
| (A) | SYRIA | 158 |
| (i) | Relief and Elevation of Syria | 160 |
| | (a) The Coastal Region | 160 |
| | (b) The Mountainous Region | 161 |
| | (c) The Plains or Interior Region | 161 |
| | (d) The Desert Region | 161 |

| | | |
|-------|---|-----|
| (ii) | Soils of Syria | 168 |
| | (a) Red Mediterranean Soil | 169 |
| | (b) Grumusol Soil | 170 |
| | (c) Cinnamonic Soil | 171 |
| | (d) Desert Soil | 172 |
| | (e) Gypsiferous Soil | 172 |
| | (f) Alluvial Soil | 173 |
| | (g) Ground Water Soil | 175 |
| (iii) | Scarcity of Rainfall and Other Sources of Water | 177 |
| (iv) | Technological Factors | 188 |
| | (a) Use of Tractors and Threshers | 188 |
| | (b) Use of Fertilizers | 191 |
| (iv) | Irrigation and Water Management | 193 |
| (vi) | Institutional Factors | 200 |
| | (a) Size of Land Holdings | 201 |
| (B) | EGYPT | 211 |
| (i) | Relief and Elevations of Egypt | 212 |
| | (a) The Nile Delta | 212 |
| | (b) The Nile Valley | 213 |
| | (c) The Eastern Desert | 215 |
| | (d) The Western Desert | 216 |
| | (e) The Sinai Peninsula | 217 |

| | | |
|-----------------------|---|-----------|
| (ii) | Soils of Egypt | 222 |
| (iii) | Scarcity of Rainfall and Other Sources of Water | 226 |
| (iv) | Technological Factors in Egypt | 230 |
| | (a) Use of Tractors and Threshers | 230 |
| | (b) Use of Fertilizers | 232 |
| (V) | Irrigation and Water Management | 234 |
| | (a) Basin Irrigation | 236 |
| | (b) Perennial Irrigation | 236 |
| | (c) Lift and Pump Irrigation | 237 |
| (VI) | Institutional Factors | 239 |
| | (a) Agrarian Reform | 239 |
| | (b) Land Tenure System | 242 |
| | (c) Land Ownership | 243 |
| | (d) Land Tenancy | 244 |
| | (e) Cooperatives | 246 |
| CHAPTER - VI | : <u>SUMMARY, CONCLUSION AND SUGGESTIONS</u> | 248 - 268 |
| APPENDIXES | | 269 - 320 |
| SELECTED BIBLIOGRAPHY | | 321 - 336 |
