Aczél, J. (1968) :
On different characterizations of entropies.

Aczél, J. (1970) :
Some applications of functional equations and inequalities to information measures.
Corso tenuto a la Mendola (Trento), (C.I.M.E.)
Ed. B. Forte.

Aczél, J. (1974) :
Determination of all additive quasi-arithmetic mean codeword lengths.

Aczél, J. and Daróczy, Z. (1963) :
Charakterisierung der entropien positiver ordnung
und der Shannonschen entropie.

Aczél, J. and Daróczy, Z. (1975) :
On measures of information and their characterizations.
Aczel, J., and Nath, P. (1972):
Axiomatic characterizations of some measures of
divergence in information.

Why the Shannon and Hartley entropies are
'natural'?

Ash, R. (1965):
Information theory.
Wiley, New York.

Attneave, F. (1959):
Applications of information theory to Psychology.

Autar, R. (1975a):
Generalized information improvement functions.

Autar, R. (1975b):
On a characterization of information Improvement.

Autar, R. and Soni, R.S. (1975):
Inaccuracy and coding theorem.
Autar, R. and Soni, R.S. (1976):
Generalized inaccuracy and a coding theorem.
Proc. Indian Acad. Sci., 85, Sec. 'A', 204-209.

Balasubramanyam, P. and Siromoney, G. (1968):
A note on entropy of Telgu Prose.
Information and Control, 13, 281-285.

Quantitative—qualitative measure of information in Cybernetic systems.

Bar-Hillel, Y. (1964):
Language and information.

Bhargava, T.N. and Doyle, P.H. (1974):
A geometric study of diversity.

On diversity of human ecology.
Research Report, Kent State University.

Bhattacharya, A. (1945-46):
On a measure of divergence between two multinomial populations.
Sankhya, 7, 401-406.
Borges, R. (1967):
Zur Herleitung der Shannonschen Information.
Math. Z., 96, 282-287.

Brillouin, L. (1956):
Science and information theory.

Campbell, L.L. (1965):
A coding theorem and Rényi's entropy.
Information and control, 8, 423-429.

Campbell, L.L. (1966):
Definition of entropy by means of a coding problem.

Campbell, L.L. (1972):
Characterization of entropy of probability distribution on the real line.
Information and Control, 21, 329-338.

Information divergence: Probabilistic properties and axiomatic characterizations.
Sym. Measures of informations and their applications.
Indian Institute of Technology, Bombay, August 16-18, 1974.

Chaundy, T.W. and McLeod, J.B. (1960):
On a functional equation.
Daróczy, Z. (1964): 
über mittelwerte und entropien vollständiger wahrscheinlichkeitsverteilung.

Daróczy, Z. (1967): 
über eine charakterisierung der Shannonentropie.
*Statistica*, 27, 199-205.

Daróczy, Z. (1967a): 
über die charakterisierung der Shannonentropie.

Daróczy, Z. (1969a): 
on a Shannon measure of information (Hungarian).

Daróczy, Z. (1970): 
generalized information functions.
*Information and Control*, 16, 36-51.

Daróczy, Z. (1971): 
on the measurable solution of a functional equation.
Additive Zahlentheoretische Funktionen und das Mass der Information.

Diderrich, G. J. (1975):
The role of Boundness in characterizing Shannon's Entropy.
Information and Control, 29, 149-161.

Fadeev, D. K. (1956):
On a concept of entropy of a finite probabilistic Scheme (Russian).
Uspeki Mat. Nauk., 11, 227-231.

Feinstein, A. (1958):
Foundations of Information Theory.

Forte, B. (1973):
Why Shannon's entropy?

Forte, B. and Daróczy, Z. (1968):
A characterization of Shannon's entropy.
Boll. U.M.I., 4, 631-635.
Forte, B. and Ng, C.T. (1973):
On a characterization of the entropies of degree $\beta$.
Utilitas Mathematica, 4, 193-205.

Gupta, H.C. (1975):
Noiseless coding theorems for non-additive measures of entropy and inaccuracy.

Gupta, H.C. and Sharma, B.D. (1975):
On a non-additive measures of inaccuracy.

Borne inférieure de la Longueur utile de certains codes.

Curdial and Pessoa, F. (1977):
On useful Information of order $\alpha$.

Hardy, G.H., Littlewood, J.E. and Pólya, G. (1934):
'Inequalities'.

Hartley, R.V.L. (1928):
Transmission of information.
Havráda, J. and Charvát, F. (1967):
Quantification method of classification processes:
Concept of Structural $\alpha$-entropy.
*Kybernetika, 3, 30-35.*

Hinčin, A. Ja (1953):
The concept of entropy in the theory of probability
(Russian).
*Uspeki Mat. Nauk., 8, 3-20.*
(English Transl: In 'Mathematical foundations of

A new theorem of information theory.

Information theory for Systems Engineers.
*Springer Verlag, New York.*

Jaynes, E.T. (1957):
Information theory and Statistical mechanics.

Kannappan, P1 (1972):
On Shannon's entropy, directed-divergence and
inaccuracy.
Kannappan, P.L. (1972a):
On directed-divergence and inaccuracy.

Kannappan, P.L. (1973):
On generalized directed-divergence.
Funkcialaj Ekvacioj, 16, 71-77.

On Generalization of some measures in information theory.
Glasnik Matematički, 2(29), 81-93.

Kannappan, P.L. and Rathie, P.N. (1973):
On various characterizations of directed-divergence.
Trans. 6th Prague Conf. on information theory,

Kannappan, P.L. and Rathie, P.N. (1973a):
On a characterization of directed-divergence.
Information and Control, 22, 163-171.

Kannappan, P.L. and Rathie, P.N. (1973b):
An axiomatic characterization of generalized directed-divergence.
Kybernetika, 2, 330-337.

Kannappan, P.L. and Rathie, P.N. (1974):
On a generalized directed-divergence function.
A functional equation and its application to information theory.  

Kapur, J.N. (1967):  
Generalized entropy of order \( \alpha \) and type \( \beta \).  
The mathematical Seminar, 4, 78-94.

Kendall, D. G. (1964):  
Functional equations in information theory.  

Kerridge, D. F. (1961):  
Inaccuracy and inference.  

Khan, A.B. (1979):  
On an axiomatic characterization of entropy of order \( \alpha \)(Theoretic measure)  

Khan, A. B. (1979):  
On useful information of order \( \alpha \) of the power distribution \( p^\beta \).  
Proceedings of "the annual conference on Statistics, Computer Science and Operation Research" Institute of Statistical studies and Research, Egypt.
Khan, A.B. and Zaheeruddin (1977):
On generalized functional equations in information theory.

Khan, A.B. and Zaheeruddin (1978):
On an axiomatic characterization of information of order α.

Kullback, S. (1959):
Information theory and Statistics.
John Wiley and Sons, New York.

On information and sufficiency.

Lee, P.M. (1964):
On the axioms of information theory.

Longo, G. (1976):
A noiseless coding theorem for sources having utilities.
SIAM. Appl. Math., 30(4), 739-748.
Matusita, K. (1967):
On the notion of affinity of several distributions
and some of its applications.

Mathai, A. M. and Rathie, P. N. (1975):
Basic concepts in information theory and Statistics.
Wiley Eastern Ltd., New Delhi.

Math, P. (1968):
On the measures of errors in information.

Some axiomatic characterizations of a non-additive
measure of divergence in information.
Symp. Information Measures, University of Waterloo.

Ng, C. T. (1974):
Representation of measures of information with
a branching property.
Information and Control, 25, 45-56.

Nyquist, H. (1924):
Certain factors affecting telegraph speed.

Nyquist, H. (1928):
Certain topics in telegraph transmission theory.
AIEE Trans, 47, 617.
Pintacuda, N. (1966a):
Shannon entropy. A more general derivation.
Statistica, 26, 509-524.

Quastler, H. (1953):
Information theory and Biology.
University of Illinois Press, Urbana.

Quastler, H. (1956):
Information theory in Psychology.

Rathie, P. N. (1970):
On a generalized entropy and a coding theorem.

Rathie, P. N. (1970a):
On generalized measures of inaccuracies, information and errors in information.
Statistica, 30, 340-349.

Rathie, P. N. (1972):
Generalized entropies in coding theory.
Metrika, 18, 216-219.

On a functional equation connected with Shannon's entropy.
Funkcionalaj Ekvacioj, 14, 153-159.
Rathie, P.N. and Kannappan, P.L. (1972) :
A directed-divergence function of type $\beta$.
Information and Control, 20, 38-45.

Rathie, P.N. and Kannappan, P.L. (1973) :
An inaccuracy function of type $\beta$.

Rathie, P.N. and Kannappan, P.L. (1973a) :
On a new characterization of directed-divergence in information theory.
Trans. 6th Prague Conf. on Information Theory, Statistical Decision functions, Random Processes, 733-745.

Rathie, P.N. and Nath, P. (1972) :
On inaccuracies, $\beta$-inaccuracies and errors in information.

Rényi, A. (1961) :
On measures of entropy and information.

Schützenberger, M.P. (1954) :
Contribution aux applications Statistiques de la théorie de l'information.
Shannon, C. E. (1948) :
A mathematical theory of communication.

Shannon, C. E. and Weaver, W. (1949) :
The mathematical theory of communication.
The University of Illinois Press, Urbana.

Sharma, B. D. (1970) :
The mean value study of quantities in information
theory.

Sharma, B. D. and Autar, R. (1972) :
Generalized functional equation of two variables
in information theory.
Revue Francaise d' Automatique informatique et-
Recherche operationnelle, 6, 85-98.

Sharma, B. D. and Autar, R. (1973) :
On characterization of a generalized inaccuracy
measure in information theory.

Sharma, B. D. and Autar, R. (1974a) :
Relative information functions and their type
\((\alpha, \beta)\) generalizations.
Metrika, 21, 41-50.
Information Improvement functions.
Econometrika, 42(1).

Sharma, B. D. and Autar, R. (1975):
On Information Improvement.
Metrika, 22, 27-34.

Sharma, B.D. and Autar, R. (1977):
On additive information improvement for continuous distributions.
Glasnik Mathematički, 12(32), 373-380.

Sharma, B.D., Man Mohan, and Mitter, J. (1977):
On measures of 'useful' information and their properties.
To appear in Information and Control.

On generalized 'useful' information.
J. Comb. Information and System Sci., 3(2), 82-93.

Sharma, B.D. and Mittal, D.P. (1975):
New non-additive measures of entropy for discrete probability distributions.

Sharma, B.D. and Mittal, D.P. (1977):
New non-additive measures of relative information.
Sharma, B.D. and Teneja, I.J. (1974):
On axiomatic characterization of information theoretic measures.

Sharma, B.D. and Teneja, I.J. (1975):
Entropy of type $(\alpha, \beta)$ and their generalized measures in information theory.
Metrika, 22, 205-215.

Siromoney, G. (1963):
Entropy of Tamil Prose.
Information and Control, 6, 297-300.

Siromoney, G. (1964):
An informational-theoretical test for familiarity with a foreign language.
J. Psychological Researches, 8, 1-5.

Taneja, I.J. (1974):
A joint characterization of directed-divergence, inaccuracy and their generalizations.

Taneja, I.J. (1976):
On measures of information and inaccuracy.

Taneja, I.J. (1976a):
A generalized functional equation of three variables in information theory.
Funkcionalaj Ekvacioj, 19, 139-147.

On the amount of information contained in a sequence of independent observations.
Kybernetika, 6, 306-324.

Verma, R. S. (1966):
Generalizations of Rényi's entropy of order α.

Wiener, N. (1961):
Cybernetics.
The MIT Press and John Wiley and sons Inc.
New York, London.
