ACKNOWLEDGEMENT

I prostrate in obeisance before “Almighty God”, the most beneficent and ever merciful, who blessed me with strength throughout my studies and during this piece of work.

Words are not sufficient for expressing our intensity of sentiments. So, most humbly I express my deep sense of gratitude to my supervisor Prof. Mahmood S. Khan for his esteemed guidance, constructive criticism, affectionable attitude and constant encouragement during the course of this work. Working under his guidance was a revealing experience. He devoted his precious time despite of his responsibilities as Chairman of the department.

I express my heartfelt thanks to my teachers Prof. Hamida Ahmad, Prof. Saeeduzzafar, Prof. Shamim A. Ansari, Prof. Akbar Hussain, Dr. Naheed Nizami, Dr. Rahat Ali Khan, Dr. Naema Gulrez, Dr. Hafiz M. Ilyas Khan, Dr. Asiya Aijaz, Dr. Sajid Ali Khan, Dr. Shah Alam and Dr. Nasheed Imtiyaz for their time-to-time encouragement and cooperation.

I must express my thanks to the staff of the department, computing lab and seminar for their cooperation and assistance.

I also take this opportunity to acknowledge the support extended by my seniors Mr. Nasir Ali and Ms. Fatima Jamal and my friends Jameela, Sabika, Sahar and Muzaffar.
I am thankful to Shazi, Sabina, Tauseef, Dr. Naushaba Anjam, Fatima and Waseef for their valuable suggestions, which helped me in clearing up many obscurities and ambiguities at various stages of this study.

I am highly grateful to my friend Kahkashan who was beside me when my mind was in a confused haze and nothing seemed to go right; I just felt alone, inspite of being in the midst of people, in such times, she gave me the confidence, enthusiasm, optimism and encouraged me to dig into reserves of strength hitherto unknown and building up reserves of my self-esteem, that helped weather each storm with calm.

I have no words to express my deep sense of gratitude and indebtedness to my Mummy and Daddy Dr. M. W. Khan for giving me the best of everything, showing me the right path and opening a whole new world for me. They have encouraged the dreamer in me, loved me through each and every fad and phase, and accepted my ideas when they were different from their own. They have always given me a patient hearing and answered my tiresome queries regarding the research work. I am grateful from the core my heart to my Bhaiya Mohd. Sajid Wasi for his caring nature, immense love, support and encouragement in various ways to pursue my research work.

I am highly thankful to all those respondents who spared their valuable time to be a part of this study.
