“In The Name Of God The Most Beneficent And Merciful”

The instant research work is in fact an outcome of ameliorative and yeoman efforts and support of my teachers and friends in the Department of Psychology, Aligarh Muslim University, Aligarh.

I wish to put on record my deep sense of grateful appreciation to Prof. Akbar Dusain, Chairman, Deptt. of Psychology, Aligarh Muslim University, Aligarh for his invaluable help and advice throughout. In fact he has been a moving spirit behind this research. This work would not have been completed without his guidance and help.

I equally take this opportunity to express my immense gratitude to my learned supervisor, Dr. M. Ilyas Khan, Department of Psychology, under whose able guidance this work has been completed. His expert knowledge and deep insight into the subject was of immense help in completing this research work. I am also indebted to all the other teachers of the Department of Psychology.

I also extend my thanks to Mr. Aqeel Khan, Research Scholar in the department for his direct and indirect cooperation and suggestions in terms of valuable ideas in concretizing my research work.

I am deeply indebted to my mother, father, grandmother & grandfather and my brother Mr. Inamullah Khan for their affection.
