CHAPTER I
INTRODUCTION

1.1 General
1.2 Scope of borate glasses
1.3 Glass transition in amorphous materials
1.4 Vibrational spectra of a molecule
1.5 Vibrational spectra of amorphous glass
  1.5.1 Nature of the spectra of glasses
  1.5.2 Infrared spectra in glasses
1.6 Theory of Raman scattering
  1.6.1 Low frequency Raman scattering and M-B model
  1.6.2 Vibrational density of states
  1.6.3 Structural correlation range in glass
1.7 Structure of borate glasses
1.8 Role of metal ions in glass network

CHAPTER II
EXPERIMENTAL METHODS

2.1 Introduction
CHAPTER III

SPECTRAL INVESTIGATION OF BORIC OXIDE GLASS

3.1 Introduction * 60-66
3.2 Experimental * 66-67
3.3 Raman spectra of v-B_2O_3 * 67-70
3.3.1 Low frequency Raman spectra of V-B_2O_3 * 70-74
3.3.2 M-B model and short range order in v-B_2O_3 * 75-77
3.4 Glass transition in v-B_2O_3 * 78-80
3.5 Structure of B_2O_3 glass * 80-81
3.6 Infrared spectra of v-B_2O_3 * 81-84

References * 85-87
CHAPTER IV
VIBRATIONAL STUDIES OF ALKALINE EARTH BORATE GLASSES

4.1 Introduction * 88-91

4.2 Experimental * 91-92

4.3 Chemical mechanism * 92-93

4.4 Calcium borate binary glasses' spectra:
4.4(A) Raman spectral results * 93-105
4.4(B) IR spectral results * 105-108

4.5 Strontium borate binary glasses' spectra:
4.5(A) Raman spectral results:-
   (i) Effect of temperature on binary * 116-118
   (ii) Effect of SrCl₂ on binary * 118-122
   (iii) Vibrational density of states * 122-126
   (iv) Martin-Brenig model & Short Range Order * 127-129
4.5(B) IR spectral results * 129-134

4.6 Barium borate binary glasses' spectra:
   (i) Effect of barium chloride and boson peak * 141-149
   (ii) Vibrational density of states * 149-149
   (iii) IR spectral results * 149-151

4.7 Cadmium borate glass's spectra & comparison * 151-156

4.8 Conclusions * 157-160

References * 161-163
CHAPTER V
RAMAN AND IR STUDIES OF CeO$_2$-DOPED CALCIUM BORATE GLASSES

5.1 Introduction * 164-165
5.2 Experimental * 165-166
5.3 Raman spectral results * 166-174
5.4 Infrared spectral results * 174-177
5.5 Discussions and conclusions * 177-180
References * 181-182

CHAPTER VI
SPECTRAL STUDIES OF V$_2$O$_5$-DOPED CALCIUM BORATE GLASSES

6.1 Introduction * 183-183
6.2 Experimental * 183-184
6.3 Raman spectral results * 184-191
6.4 Infrared spectral results * 192-194
6.5 Discussions and conclusions * 194-198
References * 199-200
