ACKNOWLEDGMENT

I take it as a pride to place on record my deep sense of gratitude and indebtedness to my supervisor and revered teacher Professor Abida Malik (Chairperson Dept. of Microbiology, Jawaharlal Nehru Medical College, A.M.U. Aligarh) of her ever inspiring guidance and help extended to me during writing the thesis. Her constant encouragement and meticulous supervision have helped me in completing this stupendous task.

I also express my sincere thanks to my co-supervisors Professor Ashok Bal and Dr. Asif M. Khan who in spite of their busy schedules have extended helping hands to me.

I would like to thank my patients, the volunteers whose precious samples were utilized in the present work.

I am thankful to Mr. Chandra Mohan (S.T.A.), Mr. Rahul Sharma (S.L.A.), Mr. Ismail (S.T.A.), Mr. Musheer Khan (T.A.) and Mr. Prem Shankar Verma (S.L.A.) for their technical assistance. I am grateful to Mr. Inam (S.T.A.) and Mr. S.L. Gautam (J.L.A.) for preparation of media.

I am highly indebted to my wife and children who had borne with my preoccupied hours patiently throughout the work.
