CONTENTS

Acknowledgement i
Preface iii

CHAPTER-I : PRELIMINARIES
1.1 : Introduction 01
1.2 : Fundamental tools of functional analysis 03
1.3 : Variational and quasi-variational inequalities 11
1.4 : Vector variational and variational-like inequalities 18
1.5 : Complementarity problem 21

CHAPTER-II : VECTOR VARIATIONAL INEQUALITIES
2.1 : Introduction 23
2.2 : Preliminaries and setting of the problem 24
2.3 : Existence theorem in reflexive Banach space 25
2.4 : Existence theorem in the setting of locally convex Hausdorff topological vector space 29
2.5 : Existence theorem without convexity assumption 32

CHAPTER-III : QUASI-VARIATIONAL INEQUALITIES
3.1 : Introduction 35
3.2 : Preliminaries and Formulation 36
3.3 : Existence theory 40
3.4 : Existence theory of completely generalized strongly nonlinear quasi-variational inequalities 47

CHAPTER-IV : VARIATIONAL-LIKE INEQUALITIES
4.1 : Introduction 55
4.2 : Preliminaries 56
4.3 : Existence theory of VLIP 57
4.4 : Existence theory of general vector variational-like inequality problem in H-space 62

CHAPTER-V : WIENER-HOPF EQUATION AND VARIATIONAL INEQUALITIES
5.1 : Introduction 67
5.2 : Preliminaries 68
5.3 : Existence and convergence analysis 72
