ACKNOWLEDGMENT

It has been my proud privilege to have accomplished my research under the able guidance of Dr. Mursaleen, Reader, Department of Mathematics, Aligarh Muslim University, Aligarh. I have a great pleasure in taking this opportunity of acknowledging my deep sense of gratitude and high indebtedness to Dr. Mursaleen, to whom I owe more than I can possibly express, for his inspiring supervision, constant help and encouragement throughout to complete this thesis.

I express my sincere thanks to Prof. Z. U. Ahmad, M. Sc. D. Phil., D. Sc., C. Math. FIMA (U. K.), Prof. M. Mohsin and Prof. M. A. Quadri, Department of Mathematics, Aligarh Muslim University, Aligarh, for their valuable suggestions and encouragements.

I am greatly indebted to Prof. M. A. Pathan, Chairman, Department of Mathematics, Aligarh Muslim University, Aligarh, for providing necessary facilities and help during my Ph. D. work.

I register special acknowledgments for the University Grants Commission, New Delhi, India, for awarding me a Junior Research Fellowship for conducting this research project.

I am also very much grateful to all of my friends and colleagues who were always a source of encouragement in the completion of this thesis.

Last but not the least, my special thanks and gratitude must go to my parents, brothers and sisters for their inspiration and continuous encouragement throughout my life. I express my infinite indebtedness to them, whose love, financial and moral support are the base of my every success.
