ACKNOWLEDGEMENTS

Remembering all those who extended their cooperation to me during the completion of the research work is indeed the joyous task for me. Experiences, inspirations, encouragement, suggestions, values and cooperation of parents, teachers and friends have been the priceless assets, which have made the present work possible. I remember all those with utmost gratitude who helped me in whatever capacities at various stages of my research work. The order in which I showered my gratitude is definitely not a graded appreciation as each and every individual that I came across during my study has contributed in his own way.

I take this special opportunity to place on record my gratefulness and sincere gratitude to my research supervisor Mr. Ehteshamul Hoda, who guided me to the best of his capacity. I express my utmost respect and gratitude to him for being available to me at various stages of my thesis. To work under such a comfortable and learned person is indeed a great privilege. Without his constant support, my desire of doing Ph.D. would have been nipped in the bud.

I am highly thankful to my teacher and Chairperson, CAS, Department of History, Prof. Shireen Moosavi for her support. I am
also obliged to Prof. Shahabuddin Iraqi and Prof. Afzal Hussain for their concern. I am deeply grateful to Dr. S.L.H. Moini for his kind interest in my research work. I am thankful to Dr. Nadeem Rizvi for permitting me to get the maps, tables, and figure scanned. I am grateful to M. Parvez bhai, Jaya madam and Sajjad Bhai for their invaluable suggestions. I also express my thanks to all the teachers and staffs in the Department of History for expressing their concern during the progress of work. I feel immensely happy when I thank my own Aligarh Muslim University, who nurtured me over the years and gave me confidence to be able to take up such a rare topic as my research study.

But for the timely monetary help in the form of ICHR, JRF my Ph.D. thesis could not have seen the light of the day.

My sincere gratitude must also go to all staff members of different libraries for giving me access to relevant materials, especially Maulana Azad Library, A.M.U., Aligarh; Indian Council of Historical Research, New Delhi; Archaeological Survey of India, New Delhi, Allahabad University, Allahabad, Indian Institute of Research in Numismatic studies, Nasik. My special thanks to Arshad Bhai, Mazher Bhai, Moin Sb., Arshad, Salman, Bansidhar Sharma and Nisar, staff members, seminar library, Department of History, A.M.U., Aligarh.
I cannot afford to forget to express my everlasting thanks to my grandmother, uncles, aunts, sister, brother and cousins who helped boosting my morale up. I owe the most to my parents. I, further thank my friends Fakhruddin, Kazim, Dr. Nadeem, Dr. Khalil, Ishtiyaq, Atta, Wazid, Wasim and others for their continuous support.

I am also thankful to Mr. Imran Khan and Mr. Tauseef of Maqbool Services, for word processing my thesis at its various stages.

Last but not the least, my late grandfather and late uncle during their lifetime were of great help to me in mustering the courage to face the uncertainties of life with patience. No word can describe my feelings.

The responsibility for the errors remaining is mine alone.

MOHAMMAD NAZRUL BARI
