ACKNOWLEDGEMENTS

In the Name of Allah, the Most Beneficent, the Most Merciful

First praise is to Allah, the Almighty, on whom ultimately we depend for sustenance and guidance. Second, my sincere appreciation goes to my research supervisor Dr. Anisa B. Khan, whose guidance, careful reading and constructive comments was valuable. Her timely and efficient contribution helped me shape this into its final form and I express my sincerest appreciation for her assistance.

I am deeply indebted to Dr. Abdul Hai (Head, Hydrobiology Research Laboratory) for the laboratory facilities and his invaluable support.

I am sincerely grateful to Dr. J. M. Julka and Dr. R. Paliwal of Zoological Survey of India, for taxonomic identification of the earthworm species.

Thanks are due to department office staff and Laboratory assistants and special thanks to Mr Asrar Ahmed (Department of Environment and Water Management) for his help.

Sincere thanks to all my friends especially Kaiser Rafiq and Bilal Ahmed Batoo for their assistance in sampling during the harsh weathers. Thanks to Abdul Gufur and Dr Ajaz Khaki for their kindness and moral support during my study.

Finally, I would like to acknowledge my whole family especially to my parents and sisters for their love, trust and all efforts to provide me the finest of things I ever needed. I could never have been able to pursue my higher education without their encouragement and support.

Ishtiyaq Ahmed Najar
