

ACKNOWLEDGEMENTS

The author extends a deep sense of gratitude to his mentor, Dr. Syed M. Zainuddin, under whose guidance the study was carried out. His keen personal interest in the study, dedicated supervision, and above all, the guidance during the field work in the wilderness of Kashmir Himalayas, are thankfully acknowledged.

The writer expresses his gratitude to Dr. S.H. Rasul, Professor and Head, Department of Geology, Aligarh Muslim University, Aligarh for his encouragement and providing the necessary facilities to conduct the laboratory investigations.

Special indebtedness is felt to Dr. F. Ahmad who instigated the study and offered many suggestions. The constructive criticism and valuable suggestions of Dr. N. Ahmad were of much help in the preparation of the manuscript.

Mr. Rafi Ahmad, Mr. Noman Gani and Mr. Feroze Javed are duly acknowledged for their help in the analytical work. Mr. Hassan M. Islam devoted his efforts in helping the compilation of analytical data.

Mr. R.A. Akhunji, Mr. A. Ahmad, Mr. M. Raza, Mr.A. Rais and Mr. Z.S. Ahmad are gratefully acknowledged for their

continued encouragement and help throughout the study.

Mr. M. Sultan and Mr. N. Amin need special mention for their help during the field work.

Acknowledgement is also extended to the Wadia Institute of Himalyan Geology for the financial assistance to carry out the study.
