

## LIST OF PLATES

<u>PLATE</u>		<u>PAGE</u>
I	Field photographs showing lithologic and sedimentary characters of the Karondia Limestone, Zeerabad-Jobat area.	20
II	Field photographs showing lithologic and sedimentary characters of the Nimar Sandstone and Karondia Limestone, Zeerabad-Jobat area.	28
III	Field photographs showing lithologic and sedimentary characters of the Nimar Sandstone, Zeerabad-Jobat area.	42
IV	Photomicrographs showing characteristic features of the Nimar Sandstone, Zeerabad-Jobat area.	66
V	Photomicrographs of Karondia Limestone showing characteristic features of various bioclasts, Zeerabad-Jobat area.	85
VI	Photomicrographs of Karondia Limestone showing characteristic features of various bioclasts, Zeerabad-Jobat area.	87
VII	Photomicrographs of Karondia Limestone showing various types of sparry calcite cement, Zeerabad-Jobat area.	90
VIII	Photomicrographs of various carbonate microfacies and their characteristic features, Zeerabad-Jobat area.	96
IX	Photomicrographs of various carbonate microfacies, Zeerabad-Jobat area.	102
X	Photomicrographs of various carbonate microfacies, Zeerabad-Jobat area.	107
