ACKNOWLEDGEMENTS

This study was supervised by Dr. Khurshed Akhtar, and the author gratefully acknowledges his guidance and help at all stages of this work.

The author is thankful to Professor S.M. Casshyap, Ex-Chairman, and Professor S.H. Israili, Chairman, Department of Geology, Aligarh Muslim University, Aligarh, for providing necessary facilities for research work.

The author very humbly expresses his gratitude to his parents, who apart from being a constant source of inspiration, encouraged him in the moments of great adversity. The author also wishes to express his gratitude to his younger brother, Mr. Mushtaque, whose consistent encouragement played an important role in completion of this research work.

Thanks are also due to his colleagues Messers Dr. A.H.M. Ahmad, D.A. Khan, I. Ahmad, Dr. Noor Mohammad and Dr. Adal Singh, with whom the author has had numerous fruitful discussions.

The author is also indebted to Messers Dr. J.S. Khan, Aijaz Ahmad and Mirza Faisal Beg for their kind cooperation.

The author received a Junior Research Fellowship of the Council of Scientific and Industrial Research of India from Oct. 85 to Sept. 88 to work on this project.

Lastly the author is also thankful to Mr. H.S. Sharma and Mr. Saleemuddin for taking up the monotonous job of typing and drawing.
