ACKNOWLEDGEMENTS

No effort takes final shape unless help is rendered from various corners. I too received help and guidance from many quarters. But initially I am most indebted to the grace of "One Universal Being" who inspires entire humanity towards knowledge, truth and eternal joys. I bring all the praises and commendation to the Almighty for providing me with strength during the work of my research, which helped me to overcome the troubles on the toilsome journey.

I wish to express my sincere and deep sense of gratitude to my supervisor Prof. Zafar Ahmad Siddiqi, Department of Chemistry, Aligarh Muslim University, Aligarh, for his expert guidance, persistent interest, scholarly criticism and constant encouragement throughout the course of this study.

I am also grateful to the Chairman, Department of Chemistry for his interest in the completion of this work. My grateful thanks are also due to Dr. S. Tabassum, Dr. (Mrs.) F. Arjmand for getting the Cyclic Voltametric Studies and Prof. Kamaluddin, IIT Rorkee and Dr. R.K. Kotnala, NPL, New Delhi for Magnetic Susceptibility Studies and other teachers of the Department of Chemistry who helped me verbally and morally.

Thanks are also due to Prof. R.J. Singh, Department of Physics, A.M.U., Aligarh who always helped me in EPR spectral studies whenever required.

I am very much thankful to Dr. Peter Gans, University of Leeds, Leeds, UK, for providing SUPERQUAD programme.

I am deeply indebted to Dr. Fazlur Rahman Faridi and Mr. Riyaz Ahmad Khan for their kindness and supports without which I could not have been able to complete this work.

Words can not express my deepest thank and gratitude to my Mamujan who stood with me in adversity and prosperity with continuous strive and endeavor and whose love, patience and sacrifice are vested in every page of this research study.

My deepest thank and gratitude also goes to my father, mother, brother and sisters especially Daizy and Umama for their love, support, encouragement and patience.

A deep sense of appreciation to my Mamujan who kept encouraging me all the time.

I am thankful to all my friends especially Kashif, Nadeem, Adil, Shamim, Nasrool and Mansoob for their valuable day-to-day help throughout the tenure of this work whenever needed.

In the end I must express my thank to Mr. Helal and Mr. Nehal for meticulous word processing of this manuscript and the Non Teaching Staff of the Department especially of the Seminar Library for their cooperation.

Aligarh Muslim University, Aligarh, India, University Grants Commission, New Delhi, India and Foundation For Social Care, New Delhi, India is gratefully acknowledged for financial assistance.
