ACKNOWLEDGEMENT

It gives me an immense delectation to express my sensibility and gratitude to my supervisor Professor Saidul Zafar Qureshi, Department of Chemistry, Aligarh Muslim University, whose able guidance and analytical thinking made this work a rewarding experience.

I am grateful to Professor Mohd. Illyas, Chairman, Department of Chemistry for providing research facilities.

I owe my particular gratitude to Dr. Nafisur Rahman for his immense help, affirmative response and valuable suggestions in making this task fruitful.

I wish to thank my colleagues and friends, Dr. Irshad Bhai, Dr. Rasheed, Mr. Murad, Mr. Talat and Mr. Abdullah for their incessant help and friendly attitudes.

My thankful appreciation goes to Shamim, Selim, Masood and well wishers for their whole hearted co-operation and encouragement.

I am thankful to Vice-Chancellor (Aligarh Muslim University), Dean (Faculty of Science) and Chairman (Department of Chemistry) for the award of University Grant Commission Junior Research Fellowship.

I shall be ever be indebted from my inner heart to my loving Parents and Brother, without whose affection invigorative encouragement, prudence and blessing this endeavour could not have been a lucrative triumph in my academic pursuit.

Above All the God's Blessing led me to this path of Success.

(MOHAMMED R. KHAYER)
