LIST OF PUBLICATIONS/PRESENTATIONS

1. Altered $N \leftrightarrow F$ transition in bovine serum albumin dimer and tetramer.

2. Influence of surface charge on the solubility behavior of porcine gamma globulin.

4. On the role of molecular weight of proteins on their solubility.
   M. Muzaffar Mir.
   Proceedings of the 54th annual meeting of the Society of Biological Chemists (India) held at Pantnagar on Nov. 7-9, 1985.

5. pH induced conformational changes in bovine serum albumin monomer, dimer and tetramer.
   M. Muzaffar Mir and M. Abul Qasim
   Proceedings of 56th annual meeting of the Society
6. Involvement of lysine residues in bilirubin-albumin interaction.

M. Muzaffar Mir, Khalid M. Fazili and M. Abul Qasim.

Proceedings of 57th annual meeting of the Society of Biological Chemists (India) held at New Delhi on Oct. 9-12, 1988.

7. Role of lysine residues in the stability of bovine serum albumin.

Khalid M. Fazili, M. Muzaffar Mir and M. Abul Qasim.

Proceedings of 57th annual meeting of the Society of Biological Chemists (India) held at New Delhi on Oct. 9-12, 1988.
