Acknowledgements

My head bows before “Almighty Allah” for guiding me in right direction and enshowering upon me His blessing for completing this thesis.

It is my privilege to express my gratitude to my esteemed teacher and research guide Dr. Mohd. Saghir Khan, Reader, Department of Agricultural Microbiology, Faculty of Agricultural Sciences, Aligarh Muslim University, Aligarh for his supervision, positive criticism, valuable suggestions, guidance, continous encouragement and without whose help and constant support, this thesis would not have been completed. His affectionate behaviour and hard work through out the research work boosted my morale.

It is a matter of pleasure to extend my sincere thanks to Prof. Javed Musarrat, my teacher, chairman department of Agricultural Microbiology and Dean faculty of Agricultural Sciences, for providing necessary facilities, constant support and valuable suggestions.

I would like to express my deep thanks to my teachers Dr. Iqbal Ahmad, Dr Abdul Malik and Dr. Almas Zaidi Department of Agricultural Microbiology for their valuable suggestions and constant support.

I am very thankful to Prof. P.Q. Rizvi, Departent of Plant Protection and Dr.Saghir Ahmad, Department of Post Harvest for their support and cooperation during my research programme.

I am thankful to Prof. Waseem Faridi, Department of Zoology, AMU, Aligarh for his cooperation, suggestions and support during my entire period at Aligarh.

I am grateful to Mr. Fazalur Rahman and Shaba Qamar Ansari for their technical help besides busy schedule. I am also thankful to Ms. Darakshan Noor and Ms. Nishat for their support, help and encouragement.

I am grateful to my seniors Furrakh Bhai and Farrah Apa for their warm cooperation and help. Their sympathetic attitude can never be forgotten. I am also thankful to Braj Bhai and Qaiser Saquib for their cooperation during my research work.

I would like to acknowledge my thanks to Imran, Munees, Ikram and Zubair for their constant support and encouragement. I am grateful to Saima Usmaini, Sourav Devidi, Maryam Zahin, Reshma and Sajad for their loving environment. I am also thankful to my juniors Owais, Shahbaz, Musheer and Farhana for being nice and cooperative.

I am thankful to Arshad, Mahmood, Haider and Fayaz for giving the congenial atmosphere during my research work.
I feel blessed to have friends like Masharique Ahmad, Reyaz Bhai, Aadil, and Saifullah and room mates Salim and Imam Ali, who have always been there to make me comfortable.

I must admit that the blessings of my parents, their personal support, encouragement and being with me always, helped to compile my thesis.

I am fortunate to have brothers like Dr. Javid Ahmad Wani and Dr. Shamim Ahmad Wani who provided their constant support, affection, encouragement and their prayers always stood by me.

I am thankful to my sisters Ms. Mahmooda and Ms. Khalida Bushra for their support and love. I am grateful to brother in laws Mr. Ghulam Mustafa and Dr. Mohd. Rafi for their love and affection. I am also thankful to my sister in laws Tahira and Rehana for being nice and supportive. Special thanks are also due to my nieces and nephews like Neelofar, Nusrat, Uzma, Irm, Farhat, Afra and Shan. All these people are very special to me.

I am thankful to university grants commission for providing financial assistance during last phase of my research work.

Last but not least, I would like to render my special thanks to my fiancée Shazia Wahid for her continuous support, patience, love and being always with me.

Before concluding, I doubt, I could have ever forgotten to mention and acknowledge many persons who helped me in one way or the other.
