ACKNOWLEDGEMENT

The present thesis entitled "Physico-Chemical studies of metal complexes of macrocyclic lignds" is the result of research work done under the careful guidance of my research supervisor Prof. Zafar Ahmad Siddiqi who had been a constant source of inspiration. I express my gratefulness cordially and relishingly to him for invaluable assiduous guidance. His prompt response was courteous and sympathetic towards me throughout the course of this study.

I am also grateful to the Chairman, Department of Chemistry for his interest in the completion of this work. My grateful thanks are also due to Dr. S. Tabassum, Dr. (Mrs.) F. Arjmand for getting the cyclic voltametric studies and Prof. Kamaluddin, I.I.T, Roorkee for Magnetic susceptibility studies and other teachers of the Department of Chemistry who helped me verbally and morally.

Thanks are also due to Prof. R.J. Singh, Department of Physics who always help me in EPR spectral studies whenever required.

I am deeply indebted to Dr. Alimuddin, Department of Applied Physics for getting the Mossbaur studies.

I am extremely thankful to my mother and father who had been a constant source of inspiration in the pursuance of my education.

Words can not express my deepest thank and gratitude to my Husband who stood with me in adversity and prosperity with continuous strive and endeavour and whose love, patience and sacrifice are vested in every page of this research work.

My deepest thank and gratitude also goes to my father in law, mother in law, brothers and sisters for their love, support, encouragement and patience.

I am thankful to all my colleagues and friends especially Najamussahar, Nishat Begum, Anamika Gupta, Shama, Hina, Anshu, Azeem, Khalid, Shadab and Sarvindar for their spiritual and moral strength along the course of my research work. Whenever disappointments and frustration loomed. Their charming and encouraging attitude gave new hope and strength.

In the end I must express my thanks to Mr. Mohd. Kalamuddin, who prepared the computerized text of the thesis and the Non-teaching staff of the Department specially of the Seminar Library who cheerfully solved my problems whenever I approached them.
