ACKNOWLEDGEMENT

I wish to take this opportunity to express my deepest thanks and gratitude to my supervisor, Dr. M.A. Qasim. He helped me with the first research project of my career in such a way that he has created a desire in my heart to immerse in this field. He guided me over difficulties and disappointments with his usual kindness. His affectionate instinct and constant encouragement were always a boon to me.

I owe my gratitude to Prof. Rashid Ali, Chairman of the department, for providing me necessary facilities. He really went out of his way to help me throughout this study. Thanks are also due to Prof. A. Slauddin, Ex-Chairman of the department for his kind help.

A special vote of thanks goes to Dr. Henrik Vorum, Institute of Medical Biochemistry. University of Aarhus, Denmark, for computation of drug-binding data and valuable suggestions.

I have to grope for words to express my sincere gratitude to Dr. Saad Tayyab, Interdisciplinary Biotechnology unit, who really stood by me at every instant and was a source of inspiration during this study.
I am also grateful to Prof. Z.H. Beg, Dr. M.U. Siddiqui, Dr. Asif Ali, Dr. (Mrs.) K. Anwar, Dr. A.F. Faizy, Dr. N. Islam and Dr. K. Alam for their kind help and encouragement.

I wish to acknowledge the valuable help and co-operation of my colleagues, Nisar, Najmuddin, Sharique, Indu, Humra, and Friends, Moinuddin, Sadia, Ashok, Vahab, Rizwan, Sharif, Nadeem.

At this moment, I feel highly obliged to my family member whose unfailing love made this work successful.

( V.D. TRIVEDI )
