In the name of God, the most beneficent and merciful who has provided me strength during this research effort and blessed me with the presence of many people who have assisted me in this research.

I do wish to express with sound perception of esteem my sincere thanks to my supervisor Dr. M. U. Siddiqui for providing me all facilities and remain generous through out the course of my study.

It gives me immense pleasure to express my sincere and profound gratitude to my mentor Dr. M. Owais for his esteemed guidance, keen interest, incessant encouragement, prudent suggestions and constructive criticism to shape this study.

I wish to express my sincere thanks to Prof. Asif Ali, chairperson of dept of Biochemistry J. N. Medical College, G.M.U. and Dr. C. M. Gupta, Director, Central Drug Research Institute, Lucknow for providing me all the necessary facilities to complete this work.

I convey special thanks to Dr. Mumtaj Khan, Dr. R. P. Dwivedi, and Dr. Ajay Shukla for generously providing their help and to be inspirational through out my life including completion of my research work. I am highly thankful to Dr. Shailja Bhattacharya senior scientist of CDRI, Lucknow for allowing me to work in her laboratories. I wish to extend my sincere gratitude to Dr. Shagufta Moin of G.M.U for their generous help.

I owe a great debt to my dear friends Amit Varshney, Dr. Surendra M. Singh, Pallavi Shukla and Keha for their constant encouragement as well as moral support.

I am exceedingly grateful to my dearest seniors, Haswood bhai, Sharad bhai Faisal bhai for friendly environment and timely needed help. Words fail to describe just how much they have supported me and sharpened my knowledge and skills.

My special thanks goes to Afrif bhai & Maroof Bhai who treated me like me like brother and always ready to give his helping hand when ever I needed.

I extend my warm thanks to my senior colleagues Dr. Abgeena Kaeem, Dr. Sehra Haq, Rubab Mehmood, Irham Saleem, Farah Haqeen, Basir Ahmed, Barira Islam, Rukhsana Jabeen, Tashfeen Ashraf and to my colleagues Shahper, Triendra, Saurod, D. M. Arif, Akram wali, Faizzez Khanzoon, Priankar Sen, G. M. Mallick, Ankita, Ojaz, Mairaj, Faraz, Ejaz, Azmat,

Rosina, Zainab, Sana, Sadaf, Shazi, Prashant tripathi and Hanzeer Galtu, Omar, and who cooperated a lot from time to time.

I highly appreciate the cooperation from Qledar bhai and Faisal bhai of DIST of Interdisciplinary Biotechnology unit.

The invaluable support, constant encouragement and never ending patience shown by my parents, my mama ji and mami ji Mrs and Mr K. K. Sharma, my brothers Er. Sanjay Dwivedi, Dr. Gaurav Dwivedi, Vijay Shukla, Mohit Dwivedi, and sisters Gujan Sharma, Charu Sharma and Ritu Sharma can never be described through mere words. Their prayers and blessings are what have seen me past difficult times throughout my life.

I express my gratitude for all those selfless animals that gave their sacrifices for completion of this work.
