Acknowledgement

In the name of Allah the cherisher and the sustainer of the worlds who gifted man with the extraordinary power of thinking and who provided me enough zeal for the completion of this work,

At the very outset, I wish to express my deep sense of gratitude to Professor M. Saleemuddin for his invaluable guidance, moral support, prudent suggestions, keen interest and incessant encouragement during the entire course of this study. I have no words to thank him for all his favours, very understanding nature, highly useful discussions and each and every help.

I am sincerely grateful to Prof. S.M Hadi, Chairman, Department of Biochemistry for providing me all the research facilities required to pursue my work unrestrictedly.

Special thanks are due to all my teachers Prof. Masood Ahmad, Prof. A.N.K. Yusufi, Prof. Bilqees Bano, Prof. Naheed Bano, Prof. Qayyum Hussain, Dr Riaz Mahmood, Dr Imrana Naseem, Dr Mohd Tabish, Dr Fahim Hafim Khan, Dr Farha Khan for helping me get my feet wet in the stream of subjects.

Profuse thanks are due to Dr Farha, Dr Aabgeena and Dr Sheeba who took time from their busy schedule to help me in my hour of need.

Council for Scientific and Industrial Research is gratefully acknowledged for providing the necessary financial assistance.

I also thank Dr M. Owais, Dr Rizwan H Khan, Dr Asadullah Khan and Dr Hina Younus for their support, guidance and help I received from them. I have no words to thank Mr Faisal for his computer facility.

The kind help extended by Manzar bhai, Surinder bhai, Noor bhai, Wasim bhai and Qadir bhai is acknowledged with appreciation.

I was fortunate enough to have Dr Pawan Gupta, Dr Hina Jamil, Dr Arshi Malik, Dr Samina, Dr Amjad Ali Khan, Dr Arivarasu as my seniors. I owe them a lot for their amicable help and guidance.

THESIS
Words of appreciation and thanks are due to my batchmates Asfer, Irfana, Eram and Yasha for their constant encouragement, positive criticism and support. Thanks are also due to my very nice junior colleagues Ayesha, Sadia, Shubha, Aiman, Mehreen, Toshiba, Nishta, Sabika, Shams, Sarmad, Sheeba, Sara, Badar, Wasim, Uzma, Fahad, Shahnawaz, Aaliya Atif, Zoheb, Rukhsana, Shakeel, Iftekhar, Sandesh, Ashraf, Nida, Bilal, Humaira, Faisal, Ejaz and Taqi for creating lively working atmosphere and their cooperation.

I owe a lot to my friends Saba, Nida, Pallavi and Esha for their warmth and pleasant companionship although. No words can adequately convey my thanks to Rubab who remained besides me everytime I needed her. I find myself short of words in offering my profound thanks to wards Deeba for all her cooperation and creating friendly working atmosphere.

With all the sincerity I convey my gratitude to wards my parents for stimulating interest during my research endeavor. Other members of the family also deserve kind appreciation for their support. Finally I give my heartfelt thanks to my husband Hammad for his exquisite benedictions, unflinching support, warmth and affection that is inspiring me to achive the pinnacle of success in the academic world. A very special thanks to Asfa for adding colors to my life and bearing with my failures in commitment on my part.

Last but not the least I wish to offer my thanks to all whose names could not be included but will be fondly remembered.

Sharmila
