ACKNOWLEDGEMENTS

In the name of "Almighty Allah", the most merciful and beneficent. His blessings alone let's nature work and make things possible.

It is a moment to express my thankfulness and indebtedness to my prominent supervisor Dr. Abrar Ahmad Khan, Lecturer, Department of Botany, AMU, Aligarh. I have no words to express my heartfelt gratitude for his enduring interest, constant encouragement, giving instrumental inspiration, valuable suggestions, moral and material support and his caliber to guide skillfully.

I am thankful to Prof. Ainul Haque Khan, Chairman, Department of Botany, AMU, Aligarh, for providing me necessary facilities and requirements related to my work.

The University Grants Commission, New Delhi, is gratefully acknowledged for providing me the financial assistance as Project Fellow in a Research Project NO. F.3-8/2004(SR) under the supervision of Dr. Abrar Ahmad Khan.

I am also highly thankful to my respected teachers Dr. M.B. Siddiqui and Dr. Samiullah Khan, Department of Botany, AMU, Aligarh for their support and inspiration.

I am extremely gratified to my lab colleagues Ms. Iram, Ms. Roze Rizvi and Ms. Mustabeen for their cooperation, enormous support and valuable suggestions. Thanks are also due to my seniors, friends and all member of department.
My thanks will incomplete if I don’t owe my gratitude to my close and
dear friends Ms. Farhat and Ms. Fahmeena Khan for their encouragement,
affection and moral support.

Heartiest respect and indebtedness are offered to my loving parents for their
couragement, inexhaustible source of inspiration, patience and constant
support throughout my studies. My overall success is the result of their affection
and sacrificial devotion especially my mother for scattering my courage to make
dreams true.

I offer my genuinely owing gratitude to my respected (Late) grand father,
Mr. Mohd. Shafi, (Late) brother Mr. Mohd. Arif, loving sisters Ms. Asiya and
Ms. Asia and dear brother Mr. Mohd. Zubair Ahmad and rest of the family
members for having accorded to me their benedictions from cradle to this day.

Finally, I would like to thanks all my near and dear ones who have
boosted me up to achieve this goal.

Shamee Kausar
