ACKNOWLEDGEMENT

In the process of learning the role of research supervisor is very special. Other teachers respectful as they are, help us in the acquisition of knowledge but the research guide helps us in its creation. I wish to place on record my profound sense of indebtedness to my supervisor Dr. Khurshid Alam. I am particularly grateful to him for his superb guidance, affectionate, stimulating discussion and encouragement, for this humble effort on my part.

I fail to find any words for expressing my deep sense of gratitude for Prof. Rashid Ali, a great honour indeed, his dynamism inspired me to efforts that I would have otherwise been incapable of. I am thankful for his constructive criticism, often at the cost of his great discomfort, inconvenience and in moment of crisis and despair. He has been a great source of personal and professional inspiration.

I also owe a debt of gratitude to Dr. Asif Ali, Chairman who has been a great source of inspiration, encouragement and help to me during the entire period of my research work.

Thanks are also due to Drs. Najmul Islam, Moinuddin and B.T. Ashok for their valuable suggestions and encouragement.

I am thankful to Prof. W.A. Nizami, Deptt of Zoology, A.M.U. and Dr. Haris M. Khan, Deptt of Microbiology, J.N.M.C., Aligarh for providing me facilities for immunofluorescence.

It has been pleasure working with my colleagues Subia, Deepak, Kiran, Saba, Humra, Rizwan, Talat and Nabha for their constructive scientific discussions. I would also like to put on record the help extended to me by Drs. Aftab Ahmad, Adil Anwar, Sadia, Shama, Jabeen, Sharique, Ms. Lubna and Ms. Swarnalatha.

I wish to express my heartfelt gratitude to my parents for their passionate encouragement and inspiration throughout my academic career.
I am thankful to my friends, Haseeb, Shaheen, Dr. Rizwan Manzer, Shams, Tawwab, Rizwan, Iqbal and to my younger brother Niaz for their affection and cooperation.
