ACKNOWLEDGEMENTS

I feel pleasure to express my deep sense of gratitude to my Supervisor, Dr. Samiuilah, whose keen interest in my research problem enabled me to accomplish this work. Like him, Prof. M.M.R.K. Afridi also encouraged and helped me during the preparation of this manuscript.

Further, I wish to thank Professor S.K. Saxena, Chairman, Department of Botany, Aligarh Muslim University, Aligarh for providing research facilities.

I am grateful to Drs. Aqil Ahmad, Arif Inam, S.H. Afaq and Firoz Mohammad for their sincere cooperations and suggestions. I also thank Drs. M.S. Alvi, Ali Qadar, A.K. Varshney, Mrs. Najma Ashfaq and Mrs. Akhtar Inam for their constant encouragement and the help.

My colleagues, Drs. Masood Akhtar, M.M.A. Khan, S.A. Ansari and Messrs Nafees A. Khan, Faizan A. Khan, Mujahid A. Khan, Saood Husain, Ikramul Haque, S.R.M. Ata and S.M. Haidar Zaidi and Miss Atiya Khatoon Zaidi, Miss Nasreen Fatima and Miss Syeda Shama Muzaffar rendered timely assistance and cooperation for which I am thankful.

Lastly, I am indebted to my parents, for their sustained encouragement and moral support.

The award of Research Fellowship by the C.S.I.R., New Delhi and the supply of authentic seeds of new triticale cultivars by the Director, CIMMYT, Mexico, are also gratefully acknowledged.

Moinuddin
