LIST OF TABLES

Table 1: Passive hemagglutination titer of sera of patients with SLE. .... 52

Table 2: ENA-ELISA with RNase treated antigen. .... 63

Table 3: Precision profiles for anti-ENA antibody determination of three positive SLE sera. .... 65

Table 4: Incidence of antibodies to Sm and RNP antigens in SLE by various techniques. .... 67

Table 5: Isolation of Sm and RNP antigens from goat liver nuclei. .... 69

Table 6: ELISA with dissociated and reconstituted fractions of Sm and RNP. .... 89

Table 7: Precipitation and hemagglutination titer of Sm/RNP immunized rabbit sera. .... 100

Table 8: Effect of procedural modifications on the value for specific signal/background ratio. .... 111
