ACKNOWLEDGEMENT

The author expresses with a great sense of gratitude his sincere thanks to Dr. Syed Ashfaq Nabi, Lecturer, Department of Chemistry, Aligarh Muslim University, Aligarh, for his kind supervision of this work.

He is also thankful to Professor W. Rahman, Head, Department of Chemistry, Aligarh Muslim University, Aligarh, whose constant encouragement has helped him considerably in keeping the progress of the work at an unhindered pace.

The invaluable help and timely suggestions rendered to him by Dr. N. Ahmad, Reader, Department of Chemistry, Aligarh Muslim University, Aligarh, is thankfully acknowledged.

The author wishes to express heartfelt thanks to his friends and colleagues who were always cooperative and helpful throughout his tenure of research.

His gratifications are also due to the Council of Scientific and Industrial Research (India) for financial assistance.
