

C O N T E N T S

Preface .. .. .	i-iii
CHAPTER I .. .. .	1-39
Introduction	
Review of Literature	
Scope and Plan of present Investigation	
CHAPTER II .. .. .	40-71
Effect of fluoride on membrane permeability and brush boader enzymes of rat gastrointestinal tract	
CHAPTER III .. .. .	72-100
Experimental fluoride toxicity: A comparative study on lipid peroxidation and various key enzymes of different tissue of rat	
CHAPTER IV .. .. .	101-173
Detailed studies on the uptake of nutrients by isolated epithelial cells from rat intestine: Control experiments and effect of fluoride	
SUMMARY AND CONCLUSION .. .. .	174-183
BIBLIOGRAPHY .. .. .	184-200
