Acknowledgements

Words, no matter how I form them or transform them, would not be able to convey my gratitude towards Prof Hadi my supervisor. Sir is not just a scientist but an institution in himself. Prof Hadi taught me science as well as the art of living. Our association will certainly last a lifetime.

I would like to thank Prof Saleemuddin (Chairman Department of Biochemistry) for providing excellent facilities all the while. I am thankful to Prof Masood Ahmad whose prayers were always with me. I would also like to thank Prof A.N.K. Yusufi for giving much needed advice and occasionally discussing issues of interest.

All the faculty members are thanked for helping me during my years in the Department. I can never repay my teachers who introduced me to Biochemistry during graduation and postgraduation courses. My deepest regards to Dr. Faheem Halim Khan for his enlightening company. Interactions with him during the science day function were memorable indeed.

Faculty at ITRC Lucknow are acknowledged for helping me with Comet Assay.

A very special thanks to Dr. Sonish Azam for helping me with the basics of our lab.

I cannot forget my seniors who helped me in the hour of need. Riffat apa, Fauzia apa, Sandeep bhai, Arivarasu, Dr. Amjad, Dr. Kaleem, and Dr. Suhail for being there all the time. Dr. Kashif has been like a brother to me and I acknowledge his support from the base off my heart.

All my juniors in the research lab. Sadia, Nishta, Ayesha, Sabika, Toshiba, Medha, Shubha, Aiman, Meheen, Deeba, Sarah, Sheeba, Shams, Jeelani, Shahnawaz and Ausaf will always be remembered.

My colleagues made my stay wonderful in this lab. A special thanks to Yasha, Shamila, and Azhar. Thanks also to Nazeem with whom I have a special bond. I acknowledge Irfana for helping me throughout my research years. I thank her for meticulously scrutinizing my thesis and helping me in the typing sessions.

A special thanks to the AMU Games Committee, Basketball club and Gymkhana club. All Basketball team members specially Shahid bhai my mentor and Haider my lifelong friend.

To my lab family of Showket, Sarmad, Uzma and Fahadullah for all the fun. Time’s spent with Sarmad were really adventurous.

This thesis would not have been possible without the typing skills of Mr. Irfan Azad.

To Saqib bhai and kids. Bhai you are an inspiration.

Finally to my parents, my brother Ahmar, Arshia Apa, Alia and JuJu for constant support all the time. This is because of all of you.
