ACKNOWLEDGEMENT

I deem it my foremost duty to acknowledge my heartfelt gratitude and indebtedness to my supervisor Prof. Rashid Ali under whose able guidance the present study was undertaken and completed. His sound professional approach coupled with an uncanny ability to sift chaff from the grain was a constant source of inspiration for me. Without his genius supervision my work would not have moulded into its present shape.

I would like to express my thanks to Dr. S. Asif Ali, Dr. Najmul Islam, Dr. Khursheed Alam and other members of the staff for their timely advice and help.

I take this opportunity to show my unstinted sense of gratitude to my senior Dr. B.T. Ashok for his keen interest in my work and constant affectionate encouragement. My other seniors Dr. Moinuddin, Dr. (Mrs.) Sadia Arjumand and Dr. Aftab Ahmad helped me with their valuable suggestions and remarks for which I thank them.

I would also like to thank my lab colleagues Waris, Deepak, Subia, Humra, Rizwan, Kiran, Talat, Saba and Mukhtar for their help and cooperation and providing a good working environment.

My special and sincere thanks to Dr. Ayub Qadri, Noman and Rais at the National Institute of Immunology, New Delhi whose help was always within reach whenever need arose.

All the dictionaries failed to provide me words to express my thanks and gratitude to my husband Mr. Parvez Khan for always understanding my work and providing my constant emotional support and encouragement.

Thanks are due to my dear parents and son Nabeel for the patience and love they showered upon me which kept me going through the rough patches.

The cooperation of the non-teaching staff of the Department, particularly Mr. Abdul Aleem and Mr. Sabu Khan is appreciated. Thanks are also extended to the staff of Central Photography Section, Jawaharlal Nehru Medical College, A.M.U. for providing photography facilities. Typing provided by Indo Laser Print is appreciated.

Finally, financial assistance from Department of Biotechnology and University Grants Commission, Government of India is gratefully acknowledged.

J. Ahmad
