ACKNOWLEDGEMENTS

Immense pleasure, I feel, in expressing my sound perception of gratitude and esteem to Dr. M. Wajid Khan, M.Sc., Ph.D., F.L.S., F.P.S.I., Reader, Principal Investigator, CSIR, ICAR and UGC Research Projects, Department of Botany, Aligarh Muslim University, Aligarh, and Dr. Abdul Muheet, M.A., M.Sc.(Ag.), Ph.D. Assistant Professor, Section of Economic Botanist (Oilseeds), C.S.A. University of Agriculture and Technology, Kanpur, for suggesting the problem and guidance throughout the course of present study. Their keen interest valuable suggestions, constructive and helpful criticism and unending zeal throughout are nobly acknowledged, without which it would have not been possible for me to bring out the present manuscript in its present form.

I express my thanks to Prof. S.K. Saxena, Chairman, Department of Botany, Aligarh Muslim University, Aligarh, and Prof. J. Swaroop, Head, Department of Plant Pathology, C.S.A. University of Agriculture and Technology, Kanpur, for providing library and laboratory facilities.

I owe my gratefulness to Dr. L.S. Chauhan, Plant Pathologist and Dr. D.R. Chandra, Statistician, Section of Economic Botanist (Oilseed), C.S.A. University of Agriculture and Technology, Kanpur, for their help in laboratory experiments and data analysis. Thanks are also due to Dr. D.V. Singh,
Dr. S.K. Benerji, Dr. M. Rai, Dr. Udit Narain, Dr. B.N. Ojha, Dr. S.P. Sachan and other friends of sympathetic attitude and encouragement throughout my study at C.S.A. University of Agriculture and Technology, Kanpur.

Finally, I beg to express my gratitude and thanks for appreciation and indebtedness to the ALMIGHTY GOD who provided and guided all the channels to work in cohesion and coordination to make this study possible.
